Buglebits.....

If you think Big Brother is some mythical figure fictionalized by a George Orwellian author, think again. On the unreliable internet I read a headline which reported a national ID card may be in the works for every American. Since we already are registered with our Social Security identification such a card may be no big deal. But last week I discovered Uncle Sam has us categorized by another number which appears on our driver's licenses.

Last Thursday I went to the Chicago National Archives office one block west of Pulaski in the 7600 block on the south side. I checked the 1920 census and found my mother's family census record. To trace the microfilm record you follow a formula which transfers your last name to an alphabetical letter plus three numbers before locating the desired film. The letter B plus three numbers turned out to be the same letter and first three numbers which appear on my driver's license.

To prove such an identification exists you can confirm this by checking anyone, your family members or acquaintances who have your last name. The same first letter of your name plus three numbers will be the first four digits on all your licenses.

New theater and restaurants for Old Orchard

Skokie village trustees voted unanimously June 15 to permit a large expansion project that will add a seven-screen movie theater, two parking decks, and two restaurants at the Old Orchard Shopping Center.

However, developer Urban Properties, Inc., will have to include road improvements at LaVerne Avenue and Old Orchard Road to improve traffic flow in and out of the shopping center.

Utility tax based on usage, not receipts under deregulation

by Rosemary Tirio

The first item of new business at the Niles Village Board meeting June 23 concerned revision of the village ordinance regarding collection of the municipal utility tax on electric power.

Since deregulation has been signed into law, residents will soon be able to choose from among competing providers of electric service, probably lowering their monthly electric bills. The Village of Niles currently receives three percent of ComEd's gross receipts. With deregulation, the total gross receipts received by ComEd and all the competing electric companies is likely to be lower and thus the village's share would also be lower.

The ordinance, which was approved unanimously, changes the basis for the utility tax. Instead of being based on gross receipts, the tax will now be based on usage amount in kilowatt hours. "If [the ordinance] allows us to make sure we're able to get the same amount of utility tax as when people weren't allowed to buy electricity somewhere else [besides ComEd]," said Village Manager Abe Selman. "The utility tax is not changing," he added, "only the method of calculation will change."

The ordinance was developed by the Northwest Municipal Con-

Area power & phone outage delayed alerting fire department; four fire fighters injured, family saved by smoke detector

MG home fire causes \$175,000 damage

by Rosemary Tirio

The summer weather, both sultry and stormy, played havoc with a fire that broke out in a two-story single family residence in the 7400 block of Foster in Morton Grove in the a.m. hours of June 25.

Seven occupants, four adults and three children, slept as a smoke alarm went off awakening the grandmother. She roused her son, and he awakened the rest of the family, who fled the burning building in time to save their lives, Chief Ralph Czerwinski said.

"They had a smoke detector on every level, and they maintained them," Czerwinski. "The smoke detector should be credited with saving seven lives at this fire," he said.

Other factors combined to hamper efforts to extinguish the blaze. Severe storms had knocked out electrical power and telephone service in the area. The resident of the home could not notify the fire department because the phone lines were not operat-

ing. He ran to a neighbor's home across the street, where the phone was also not working. Finally, he used a cellular phone and was able to report the fire.

In the meantime, the neighbor had driven to the fire station at

Watering Restricted

To help conserve water, the Federal Water Admin. and the Illinois Department of Transportation's Division of Water Resources requires municipalities to enact outdoor water sprinkling restrictions.

In Niles, all outside watering between the hours of 12 p.m. (noon) and 6 p.m. is prohibited every day of the week from May 15th through September 15th.

All Niles citizens are urged to follow the sprinkling restrictions. This will help maintain adequate water pressure for fire fighting as a protection for your home or business.

Regency Healthcare & Rehab sponsor Senior Games

Regency Healthcare and Rehabilitation Centre recently sponsored its 3rd Annual Senior Games featuring such activities as table top basketball, golf putting, and football toss. Winners in each category received medals for their achievements during a dignified awards ceremony. The Senior Games symbolize Regency's commitment to developing special activities that involve the local community in facility life.

Participating in the Senior Games were representatives from Regency Healthcare and Rehabilitation Centre, Regency Adult Day Care Center, Northwest Senior Center, and Bethesda Home and Retirement Center. Everyone had a great time coming together with their peers for a day of friendly competition.

From wheelchair races to bowling, the participants enjoyed a wide variety of sporting events. At the awards ceremony, the winners proudly wore their medals and received a rousing round of applause for their achievements. "Our Senior Games showcased the seniors' vitality," stated Paula Tagliere, Director of Activities. "Everyone had a great time and enjoyed meeting new friends."

The Senior Games is but one example of the many ways that Regency Healthcare and Rehabilitation Centre reaches out to the community to promote resident well-being. From community pet shows to programs with children, Regency sponsors a wide variety of activities to foster residents' involvement with life. The Senior Games brought together seniors from several local agencies for a lively day of games, fun, and fellowship.

Sunday 1 p.m. to 11 p.m. with a Special Ride Deal from 1-5 p.m.

State offices to close for the 4th

All Secretary of State offices and facilities will be closed for Independence Day. The only exception is the Ford City facility, which is open seven days a week in the Ford City Mall. The holiday is observed by all state agencies.

All offices that normally are open Monday through Friday will be closed Friday, July 3, and

will resume business Monday, July 6.

Driver Services facilities outside Cook County and the Chicago West, Midlothian and Niles facilities in Cook County, which normally are open Tuesday through Saturday, will be closed Saturday, July 4, and will reopen Tuesday, July 7.

Fireworks Safety

Each year tragic and needless accidents occur through the careless use of fireworks during the annual Fourth of July and other celebrations. During the month of July, 1990, the Illinois Office of the State Fire Marshal conducted a survey throughout the state of Illinois. There were 291 persons injured by fireworks or firework-related mishaps. This information is only the reported incidents. We estimate that there are several unreported incidents. As a reminder, all fireworks that must be ignited with a match are illegal in the Village

of Skokie, i.e. -- snakes, sparklers, etc. The only legal fireworks are caps, poppers, and devices with .25 grams or less of powder. If you have any questions please call the Skokie Fire Prevention Bureau at 982-5340. Have a safe holiday.

Niles Park District post-parade celebration

It has come to that time of year where we all get together to celebrate America's birthday. Following the Village of Niles parade, the Niles Park District will be hosting their annual Post-Parade Celebration. The event takes place on July 4th at Grennan Heights, 8255 Oketo. This year the Niles Park District has many new and exciting attractions planned for the whole family to enjoy, especially the little ones.

Kids will be able to pet their favorite animal at the petting zoo,

pretend they are an astronaut as they jump through the moonwalk, go back in history as they dress up for an old English joust, and trot around on a pony.

They will also be able to say "Hi" to their friends "Arthur," "Chucky" & "Angelica," and win prizes from one of the many carnival games and raffles. There will also be lots of food and treats to eat. Don't forget about safety - come and learn how to stay safe this summer at the Safety Tent.

All kids under 12 can pick up a bag of free tickets as they enter the park. Tickets are good for

food and games.

As for our musical guest, we have the "Fabulous Murray Brothers," whose acts include the Blues Brothers, the Village People, Elvis, John Travolta & Satchmo!

The park district has been working hard to plan the "Event of the Year," fun for all to enjoy. This is only a brief description of what's new this year; you'll have to come find out the rest! This will be a celebration to remember -- don't miss out! Call (847) 967-6633 for more information.

CHOLESTEROL SCREENING

Cholesterol is a soft, fat-like substance found in each body cell. The body's cholesterol is made in the liver, the rest comes from animal fat in foods. Egg yolks, meat, poultry, and dairy products all contain cholesterol. Everyone needs some cholesterol, but not too much. Eating foods low in animal fat is the best way to lower cholesterol. Screenings will be offered from 9 to 11 a.m. on Tuesday, July 7 in the Morton Grove Village Hall Senior Center. For Morton Grove seniors (age 65+) there is a charge of \$3. For those under 65, or for non-residents the charge is \$4.

TUNES ON TUESDAY

The Morton Grove Park District is proud to offer four evenings of exceptional musical entertainment. These FREE concerts begin promptly at 7 p.m. in Harrier Park either at the Pavilion (north end), or at the Gazebo (south end). A different local restaurant will be featured each evening, offering a variety of tasty and reasonably priced menu items. Restaurants will begin serving at 6 p.m. Starbucks Coffee will also be at each concert. Bring the family and friends and come on out for some good music, and good food. Don't forget to bring lawn chairs.

- July 7, *Juke Box Band*, Edwardo's Pizza at the Pavilion.
- July 14, *AC Rock*, Luxembourg Brotherhood at the Gazebo.
- July 21, *Charley Cameron & Sunshine Festival*, China Chef at the Pavilion.
- July 29, *Liar's Club*, Champs Sports Bar & Grill at the Pavilion.

"LET'S FACE IT"

"Let's Face It" is a monthly discussion group at the senior citizen apartments at 9016 Waukegan (White House). The next meeting is at 2 p.m. on Tuesday, July 7 and is moderated by Dick Zembron, M.S.W. and Mary Kay Andreoni, R.N. of the Morton Grove Village Hall Senior Center. The group focuses on topics of interest to participants. The community is invited to attend this free program. For details, call the Senior Center at 470-5223.

AGING HEART SEMINARS

Two "Aging Heart" seminars will be held at 10:30 a.m. on Wednesday, June 8 in the Morton Grove Village Hall Senior Center, and at 12:15 p.m. on Wednesday, July 15 in the Prairie View Community Center. As most know, heart disease is the number one killer in America today. Atherosclerosis, the most common and widespread form of heart disease, begins with clogging of the arteries. Fatty materials, called cholesterol, begin to adhere to the linings of the artery walls. These deposits narrow the channel for blood flow, and the heart begins to work harder to compensate. This process of narrowing, roughening or hardening of arteries eventually leads to heart attack. These seminars will be highlighted with discussions led by Morton Grove Visiting Nurse, Mary Kay Andreoni.

ASSESSMENT FREEZE DEADLINE EXTENDED

Cook County Assessor, James Houlihan, announces that seniors can still apply for the Assessment Freeze Exemption (which substantially lowers their tax bill) through July 15, 1998. The Freeze allows qualified seniors to maintain the equalized assessed value of their home at the base year value and prevent any increase due to inflation. The base year is the year prior to the taxable year for which the senior first qualifies for the exemption. This does not freeze the amount of the property tax bill, which will still increase if the tax rate increases. To qualify a resident must be age 65+, have a total household income of no more than \$35,000 in 1996, own the property, and have it be their principal place of residence, and be liable for property tax payments in 1996 and 1997. For more information, call the Cook County Assessor's office, Senior Freeze Department at (312) 603-6600.

SMART SNACKING

At 10:45 a.m. on Friday, July 10, Nancy Siler, R.D., Manager of Consumer Affairs with Dominick's Finer Foods will discuss "Smart Snacking" at the Morton Grove Village Hall Senior Center. Here's a chance to get advice on the healthy way to enjoy those scrumptious snacks. Following this discussion, seafood salad and minestrone soup plus a garden salad will be served at the Nutrition Site in the Senior Center. St. John Lutheran Church and Korean Church of Chicago

St. John Lutheran Church and Korean Church of Chicago sponsor a very exciting bible school program for the kids of our community. Passport to the Holy Land, Following Jesus Every Day is the Vacation Bible School program hosted by St. John Lutheran and Korean Church of Chicago on July 6-10 from 9 a.m. to 11:30 a.m.

Passport to the Holy Land is a five-day world adventure featuring fun, crafts, music and active Bible learning. By visiting differ-

ent Bible cities each day, children will learn that Jesus' followers do their work for God, live by faith, study God's Word and spend time with Jesus, the Good Shepherd.

Kids 3 years through 6th grade won't want to miss any of the excitement of the Passport to the Holy Land. Each session will be held at 7429 Milwaukee Ave., Niles. For more information call the church at (847) 647-9867.

Look for us in the Niles July 4 parade. Lollipop Dragon will be there passing out lollipops!

Chinese Judaic Scholar to speak in Skokie

China's leading authority on Judaism will spend his last evening in the U.S. discussing "Israeli-Chinese Relations," and "Judaism through Chinese Eyes," 7 p.m. Friday, July 3, at Ezra-Habonim, Niles Township Jewish Congregation, 4500 Dempster, Skokie.

Professor Xu Xin, president of the China Judaic Studies Association, has just completed his fourth trip to the United States, where he spent several months as an scholar in residence at

Harvard University working on the preparation of a complete curriculum in Jewish Studies for Nanjing University. During this time, he also spoke at many universities and synagogues across the country, including the Holocaust Museum in Washington, D.C. and spent two weeks visiting and lecturing in Israel. During earlier trips to the U.S., Xu studied Hebrew and Talmud at Hebrew Union College in Cincinnati and Yiddish at Yivo in New York.

Why Select A Family Owned Funeral Home?

*Prices are traditionally much lower than those of corporate owned funeral homes.

*Our funeral directors and staff do not work on commissions. They will never pressure you to buy something that you don't want or need.

*All of our preparation work is done at our funeral homes by licensed funeral directors. Your loved one will not be transported to a "factory like" embalming facility.

*You will be treated with the respect and appreciation that only a family owned business can offer.

*We consistently upgrade our facilities and equipment to offer families only the best.

*The comfort of knowing the person you're dealing with. You will always see a familiar face at our chapels. Our staff is not rotated among dozens of funeral homes.

Police News

Suspicious activities

The 50-year-old assistant administrator of a nursing home in the 6600 block of Milwaukee Avenue reported that an unknown man about 30 years of age standing 6 ft. 2 in. tall and weighing around 250 pounds entered the nursing home and signed in as a volunteer worker around noon June 26. For the next hour and a half, the suspect was seen walking around all the floors from the basement to the fourth floor.

In the basement, a kitchen employee saw the suspect walk into the locker room and take money out of a locker. When the employee yelled at the suspect, he gave the money back to the employee.

The suspect exited the building through a basement door. After the incident became known to the entire staff, a fourth floor nurse reported \$2.50 missing from her purse.

Theft from auto

A 53-year-old Niles resident of the 7800 block of Nordica reported that unknown offender(s) used a slim jim or like means to gain entry to the locked driver's side door of his 1996 Nissan Altima and removed the air bag from the steering wheel sometime between 7 p.m. June 27 and noon June 28.

Theft of purse

A 24-year-old seamstress from Chicago reported that while attending a party in the 7900 block of Harlem Avenue around 11 p.m. June 26, she used the washroom and inadvertently left her purse there. When she returned to the washroom five to 10 minutes later, the purse was missing. She suspects it was taken by an unknown man between 35 and 37 years of age standing 6 ft. 8 in. tall and weighing 190 pounds.

Police responded to the scene and spoke with the suspect who denied taking the purse and said several other persons were in and out of the washroom.

Unlawful use of credit card

The 22-year-old security agent of the department store at 400 Golf Mill reported that a female in her mid 30s standing 5 ft. 9 in. and weighing 140 pounds with long curly hair and wearing a flowered dress accompanied by an unknown man in his mid 30s standing 6 ft. 1 in. and weighing 230 pounds with black hair purchased items including two \$200 gift certificates, shoes, and a table top sound system with a total value of \$2,735 using a fraudulent credit card between 8:10 p.m. and 9:33 p.m. June 27.

The pair of offenders walked out the west side door with the items and proceeded to load them into a waiting late 70s Buick Century driven by a second unknown male in his mid 30s with an unknown female passenger in the back seat. The complainant became suspicious and wrote down the number from a vehicle ap-

plied for sticker on the car and verified that the car was not registered to the cardholder's name and later confirmed that the cardholder had not given permission to anyone to use his credit card. Police inventoried the store security video and will investigate the matter.

Recovered property

An older unknown man came to the Niles Police Department and dropped off a Remington #522 22-in. long rifle and two boxes of shotgun shells. He said his son-in-law gave him the gun because he did not want it. No information was obtained about the owner of the gun, which was sent to the lab to be analyzed and then destroyed along with the ammunition. No serial number could be located on the weapon.

Disorderly conduct

Police arrested a 19-year-old DesPlaines man riding in a 1995 Chevrolet Cavalier around 7:08 p.m. June 27 for throwing beer bottles at a gray Oldsmobile driven by a 19-year-old Niles man with a 19-year-old male passenger from Harwood Heights. The suspect was transported to the Niles Police Department where he implicated another DesPlaines man and a Niles man in the bottle throwing incident. They were charged with disorderly conduct and consumption of alcohol by a minor.

A computer check of the victims revealed that the passenger was wanted on a warrant out of Harwood Heights. He was taken

into custody. Police also learned that the offending vehicle was involved in a traffic accident at 7250 Milwaukee Ave.

Fire

A 74-year-old security employee of the bank in the 9100 block of Greenwood reported that bank employees using a fire extinguisher doused a fire of unknown origin that broke out on the basement level in a pile of construction debris around 6:45 p.m. June 26. The investigation was turned over to the Niles Fire Department.

Lost property

A 23-year-old Chicago telephone representative reported that his wallet containing his driver's license, two credit cards and his social security card, fell out of his pocket while he was on a carnival ride in a lot in the 8300 block of Greenwood around 9:20 p.m. June 25. He checked the area but was unable to locate the wallet.

The Goland-Orenstein-Sherman Chapter of Leukemia Foundation

At its Annual Installation Dinner at Mr. Peters in Mount Prospect on Sunday, June 14, the Goland-Orenstein-Sherman Memorial Chapter of the Leukemia Research Foundation celebrated thirty years of fund raising excellence. According to outgoing President Don Schollenberger, Evanston, the chapter has raised in excess two million dollars for leukemia research over three decades. Many of the chapter's former members joined in the celebration.

The 1998-1999 officers are: President - Paul Sanders, Morton Grove; Ways and Means Vice President - Eugene Byrd, Skokie; Membership Vice President - Mrs. Sheldon (Ann) Sherman, Hoffman Estates; Entertainment Vice President - Harry Peven, Rogers Park; Treasurer - Ben Hoffman, Wheeling; Recording Secretary - Mrs. Sheldon M. (Phyllis) Bolz, Skokie and Corresponding Secretary - Mrs. Lester (Hollis) Brownstein, Morton Grove. Ms. Marilyn Lev, Skokie,

was named Member of the Year for her twenty-eight years of service to chapter.

The chapter meets the first Saturday of every month from September through June at the Morton Grove Community Church, Lake and Austin, Morton Grove.

Binge Eating Disorders program at LGH

The Eating Disorders Program at Lutheran General Hospital, Park Ridge, now offers treatment for Binge Eating Disorder (BED), or compulsive overeating, which has been identified as an increasingly important health care problem. Untreated, binge eating and its resulting obesity can lead to multiple medical problems.

"It's important for people to know that eating disorders can be treated," said Kathleen Traub, RN, Psy.D. Eating Disorders program coordinator at Lutheran General Hospital. "Treatment plans are flexible and are tailored for each person. There are a number of options, depending on their needs."

In order to be considered a binge eater, the person must frequently eat very large amounts of food and feel a loss of control over the eating episodes. Warning signs of Binge Eating Disorder include:

- Frequent episodes of eating abnormally large amounts of food.
 - Feeling unable to control what and how much is eaten.
 - Eating much faster than usual.
 - Eating until uncomfortably full.
 - Eating large amounts, even when not physically hungry.
 - Eating alone because of embarrassment due to the amount of food being eaten.
 - Feelings of disgust, depression or guilt after eating.
- After an initial evaluation treatment options are presented to the patient.

Children's Health Programs

Three upcoming community education programs that will focus on health and safety issues for children will take place at Resurrection Medical Center, 7435 West Talcott Avenue, on July 15 in the Mother Hedwig Room on the ground floor.

"First Aid for Little People" will take place from 9 to 10 a.m. The program, for children ages 5 to 8, is led by a registered nurse and covers basic first aid skills that can be used by children in a variety of situations where immediate medical care is needed. Fee for the program is \$10.

"Home Alone" will take place from 10:30 to 11:30 a.m. The program is designed for children in kindergarten through sixth grade and covers rules for children to follow when they are home by themselves. Fee for the program is \$10.

"Basic Aid Training" will take place from 12:30 to 2:30 p.m. The program teaches basic first aid skills to children ages 8 to 14. Fee for the program is \$10.

Registration is required. For more information and to register, call 773-RES-INFO (737-4636).

Water exercise classes at LGH

Registration now is under way for summer water exercise classes offered by the Lutheran General Fitness Center, 1875 Dempster St., Park Ridge.

The 10-week aerobics classes are designed to enhance cardiovascular fitness, increase strength and improve flexibility. No swimming skills are required.

"Water aerobics is safe and fun for persons of all ages and physical conditions," said Marilyn Duschl, exercise physiologist at

the fitness center. "The buoyancy of the water reduces weight-bearing stress on the joints while the resistance of the water provides a medium by which to strength-train the muscular system."

In addition, water exercise classes provide a refreshing way to shed extra pounds, tone up and stay physically fit.

Classes being offered include: AquaFit (a moderately intensive cardiovascular workout in-

corporating strength and flexibility training in the water); Arthritis Water Exercise (a low intensity aquatic program to help those who suffer from arthritis to improve muscular strength and joint mobility); Natal Wave Aerobics (water exercise for women who are pregnant or recently have delivered); and AquaFit (a water aerobic program for individuals looking for an intense cardiovascular workout. This workout is enhanced by deep water training

and the use of aquatic equipment).

A physician's approval is required. In addition, all class participants must complete a health history and emergency contact form when they register.

For more information about water aerobics, registration for the session and class fees, call the water exercise program coordinator at the Lutheran General Fitness Center, 847-723-6138.

Entrepreneurial Woman's Conference in Chicago

The Women's Business Development Center (WBDC) in Chicago, a nonprofit organization that assists women entrepreneurs in growing their businesses, will hold its twelfth annual Entrepreneurial Woman's Conference, themed "Business Connections: Strengthening Opportunities," on Wednesday, Sept. 9, from 7:30 a.m. to 6:30 p.m., at Navy Pier, 600 E. Grand Av., Chicago.

The Conference, which is expected to attract more than 2,000 women, has grown into "one of the leading events nationwide for women who want to start a business, women who are ready to expand a business, women entrepreneurs seeking financing, and women who want to do business with government agencies and corporations," said Conference co-chairs Judith Gold, a partner at the law firm of Alheimer and Gray, and Debra Jennings-Johnson, director, Supplier Diversity, Amoco.

Registration for the full Conference is \$110 before Sept. 1, 1998, and \$150 thereafter. This price includes the Hall of Fame Awards Breakfast, the Business and Buyers Mart, The Women's Forum Luncheon, panel discussion, and the networking reception. Women's Forum Luncheon tickets are \$80, and the Hall of Fame Awards Breakfast is \$40 per person. Discounted registration is available for members of the National Association of Women Business Owners, Women Incorporated and the Chicagoland Chamber of Commerce.

Founded in 1986, WBDC provides women entrepreneurs with entrepreneurial training, individualized consulting, financial counseling and assistance, business and strategic plan development, and WBE certification and procurement opportunities. For further information, call (312) 853-3477, ext. 45.

Women, birth control pills and dry sockets

Women who use birth control pills are twice as likely to develop dry socket after a tooth extraction, according to the Chicago Dental Society.

Dry socket, the most common post-operative complication from tooth extractions, delays the normal healing process and results when the newly formed blood clot in the extraction site does not form correctly or is prematurely lost. This blood clot lays the foundation for new tissue and bone to develop over a two-month healing process.

"In general, women have a greater chance than men to develop dry socket," says Vicki Grandinetti, DDS, a general dentist who practices on Chicago's Northwest Side. "But for women who take oral contraceptives, their likelihood of developing a dry socket is twice as likely because of their increased estrogen levels."

A study published recently in the Journal of the Academy of Dentistry reports that women who take oral contraceptives experienced a 31 percent incidence of dry socket after molar extractions performed in the first 22 days after their menstrual cycle.

Within two to three days after estrogen use was discontinued, the extraction site tissue began the healing process. For women whose molar extractions were performed on days 23 through 28 of their cycle, no incidence of dry socket occurred.

Unless there is an emergency, women using birth control should try to schedule their extractions during the last week of their cycle, when estrogen levels are inactive," says Dr. Grandinetti. "The healing process can then begin immediately."

Any person who has had a tooth extracted should avoid drinking through a straw because the suction will interfere with healthier clotting. "Avoid smoking, which can contaminate the extraction site and excessive mouth rinsing, which may also interfere with blood clotting," concludes Dr. Grandinetti.

Park Ridge Toastmasters Club meetings

The June 11 meeting turned out to be a busy one for Park Ridge Toastmasters. Two previous visitors, Ken Smith and Alp Aslandogan were inducted into the club. Guests Parvathy Krishnan and Francis Weibal looked on as Janet Butler, incoming North Division Governor, installed the recently elected club officers.

Toastmasters is a non-profit organization dedicated to improving the speaking and leadership abilities of its members. The new officers will receive extensive leadership training and then get to practice these skills as they fulfill their new responsibilities to the club.

The new officers are Melinda Mitrovic, President, Bob Carr, VP of Education, Bernie Perstein, VP of Membership, Al Boshenz, VP of Public Relations, Gerry Zurek, Secretary, Mark Hansel, Treasurer, and Stanley Martin, Sergeant-at-Arms. Outgoing President Peggie Edwards will stay on the board to help guide the club in the coming Toastmaster year.

Pheasant Run Resort's Theatre

1998 Theatre Season

CABARET - Step back into 1930's Germany and experience Berlin's most decadent cabaret. It's thought provoking, poignant and provocative. This American musical classic ensures an outstanding evening in Adult Theatre. After all... "What good is sitting along in your room? Come to the Cabaret, ol' chum!" *Through August 30, 1998*

BARFOOT IN THE PARK - Comedy is back at Pheasant Run Resort's Theatre with this hilarious Neil Simon farce. It is a charming romantic comedy which revolves around the antics of Newlyweds during their first few days of marriage. In their "new" leaking, character filled, fifth floor Manhattan apartment, the amusement never ends. *September 18-November 1, 1998.*

CHRISTMAS ON BROADWAY

Wrapping up the season, this show is tailor made for the Holidays. This production will feature music and dance straight from the stages of current Broadway Musicals and will be spiced up with your Holiday favorites. *November 20, 1998-January 3, 1999.*

Dinner and theatre times are as follows: Fridays at 7 (dinner) 8:15 p.m. (performance); Saturdays at 4:15 p.m. or 8:30/9:45 p.m. and Sundays at 12 (brunch) 2:15 p.m. or 5:45/7 p.m. Dinner theatre tickets available. Overnight packages are also available. For tickets call (630) 584-MEGA (6342) or Ticketmaster at (312) 559-1212. For overnight packages or further resort information call (630) 584-6300.

Gemini students study justice system

On Wednesday, May 6, twenty-two students and three staff members from Gemini Junior High School visited the Rolling Meadows Courthouse for a first hand look at the justice system. The trip was organized by Gemini Safe Schools Coordinator, Ms. Pam Burkman. The tour began with Officer Stan Schultz explaining how a courtroom works, and the duties of those who work there. Officer Schultz explained all aspects of the court system, which included visits to the courtroom itself and the lock-up area.

A highlight of the visit was a discussion with Judge Sam Amirante. Judge Amirante discussed the Constitution and court system with students, answered questions, and even let them see the courtroom from the judge's eye view, the bench. After their visit with the judge, the Gemini students watched Judge Amirante preside over a trial. The trip to the courthouse was the latest activity in Gemini's Safe Schools Program.

Summer Forensics Institute offered at Bradley

High school students will have the opportunity to train with the number 1 college speech team in the nation at the 1998 Summer Forensics Institute at Bradley University from July 19 to August 1.

High school sophomores, juniors, and seniors are invited to participate in the institute which will feature daily individualized coaching and workshops, as well as the opportunity to perform in a festival during the second week. Each participant will have

his or her own coach for the Institute staffed by top high school and college coaches and members of the national championship Bradley Speech Team.

The Institute fee is \$600 for tuition and meals or \$750 for tuition, room, and meals. The application deadline is July 1. For an application and more information, contact the Bradley University Division of Continuing Education and Professional Development at (309) 677-2377.

Notre Dame

New members to scholar program

Notre Dame High School For Boys, Niles is proud to announce the newest members to the Rev. Theodore Hesburgh, CSC Scholar Program, sophomores Richard De Los Reyes, Douglas Matinke, Michael May, and John Newman, freshman Vito DiPiazza, Daniel Hoban, Michael Lowder, Charles Lupu, Alan Montera, Jeffrey Nowak, Mark Stafford, Michael Stefan, Michael Tennant and Mark Ziberna. Their inclusion brings the present membership of Hesburgh Scholars to 53. The program is designed to challenge the most gifted and motivated students in a demanding course of studies. It not only requires the development of the student's abilities in all areas of the academic curriculum, but also seeks to further his overall development through involvement in various service-oriented and extracurricular activities. Through such a regimen, it is hoped that he will emerge as a caring, capable young man ready to aid in the construction of that world "where justice and love prevail."

Register now for fall classes at Oakton

Registration for fall classes at Oakton Community College is currently underway. Students are encouraged to register early to secure a place in the class of their choice.

For your convenience, Oakton offers morning, afternoon and evening courses. Many classes begin the week of Aug. 24 and end Dec. 18. However, meeting times for some courses vary, such as media based (broadcasted on television); distance learning (taught interactively between both Oakton campuses and other colleges, universities and high schools); and weekend college (held Friday evenings or Saturday or Sunday mornings or afternoons). A variety of shorter term courses will also be offered for eight or 10 weeks.

Students can register in person Monday - Thursday from 8:30 a.m. - 8 p.m. at the DesPlaines campus, 1600 E. Golf Road, and at the Ray Hartstein Campus, 7701 N. Lincoln Ave., Skokie. Both Oakton campuses are closed on Fridays during the summer term May 29 through Aug. 14.

Students who have applied and registered for Oakton classes

since spring of 1995 may use the Touch-Tone Registration system Monday through Thursday from 8:30 a.m. - 8 p.m. To register by phone, dial (847) 635-1616 and refer to the computer ID number listed by the course title in the Fall Credit Class Schedule.

Niles West & Niles North weight lifters compete

Niles North High School student Yasmin Ukani of Skokie lifts 80 lbs. while physical education teacher David Cole (standing) serves as spotter and Dennis Brady judges her attempt during a recent Niles North vs. Niles West bench press competition. This contest, the first to pit the two schools against each other in this sport, was held in the Niles North cafeteria and featured both male and female competitors. Ukani ultimately won in her weight class.

Variety Show openings available

Plans for the Morton Grove Park District's October intergenerational variety show are moving along, but openings still remain for entertainers of all ages. If you sing, dance, play an instrument, do imitations or standup comedy, or like to perform in other ways, contact Catherine Dean, 965-1200 for an appointment for an audition July 28-29, 1:30-5:30 p.m., at the Prairie View Community Center, 2nd floor, 6834 Dempster Street.

Indoor youth soccer league at Niles Park District

A new program is starting at the Niles Park District - youth indoor co-recreational Soccer League for girls and boys ages 7-12 (as of August 31, 1998). This is a great opportunity for those kids who like fast and exciting action and are looking for a way to "brush up" on those soccer skills before the outdoor Fall programs begin! All games will be played on Sundays in the Grennan Heights Gym, 8255 Oketo. Registration is being taken now. For further information, call (847) 967-6975.

Tae Kwon Do lessons at the Niles Park District

Tae Kwon Do is a self-defense method, which teaches the skilled application of punches, kicks, and blocks, with hands and feet. It is a great way for both adults and children to overcome tension and stress. It develops physical, mental, and muscular strength. The classes are taught by instructors under the direction of Grand Master Duk Gun Kwon and all instructors are certified through

the World Tae Kwon Do Federation in Korea. These classes are held on Tuesday and Thursday evenings, at the Howard Leisure Center, 6676 Howard Street in Niles. The next session begins July 7 and runs through September 29. Class is offered to those 7 years through adult. Class fee is \$47. For more information, call (847) 967-6975.

Rialto Theater and Jacob Henry Mansion

Join the Prairie View Travel Club on July 9 to tour the magnificent Rialto Square Theater built in 1926 and restored in 1981, the Rialto traces its roots to Vaudeville Days. We'll enjoy a private concert on the theater's own Barton Pipe Organ. A tour of historic Joliet will follow and then on to lunch at the Jacob Henry Mansion where we will dine among beautiful antiques. After lunch our hostess will entertain us with her picturesque stories of this historic home.

The deluxe coach will leave Prairie View Community Center, 6834 Dempster, at 8:15 a.m. and

return at approximately 3 p.m. The cost is \$57 for resident and \$62 for non resident. Register at Prairie View Community Center or for further details, call Catherine 965-1200.

Bright Beginnings registration

The Niles Park District Bright Beginnings Preschool is currently taking registration for the 1998-99 school year. Various options are available for children 3 and 4 years of age. In addition to the Two and Three day programs offered, a Five day program is also available for children who will be four years old by September 1, 1998. Classes are held at Howard Leisure Center, 6676 W. Howard; Oakton Manor, 8100 Ozark; and Recreation Center, 7877 N. Milwaukee. For more information call Howard Leisure Center at (847) 967-6633.

King Arthur exhibit at Skokie Public Library

Through illustrations from medieval manuscripts, engravings, paintings, books, films, musicals, comic books and other genres, the exhibit The Many Realms of King Arthur explores the legend of Arthur from its origins in the Middle Ages to its twentieth century representations in novels, film and even video games. The dramatic and colorful story of Arthur, Queen Guinevere, Lancelot, and the knights and ladies of the Round Table is presented in all its visual splendor. The exhibit is on view in the lobby through August 3.

Curator Ruth Hamilton, exhibit officer of the Newberry Library, will speak on "The Once and Future King: The Development of the King Arthur Legend at 7:30 p.m., July 13. Call 673-7774, x2127 to reserve a seat for this fascinating look at one of history's most beloved characters.

The Changing Townhome

The townhome used to be defined by a static floor plan -- family room and kitchenette downstairs, one to two bedrooms and open loft upstairs. But due to a growing number of townhome buyers -- first-time buyers, young families and empty-nesters -- townhome design has adapted to meet a wide-range of buyer needs.

One of the largest changes is the creation of the ranch townhome. Designed for empty nesters and seniors, ranch townhomes and first-floor master bedroom floor plans, like at Concord Homes' Cantera Village in Warrentonville, appeal to those who want to live on one level.

"A few years ago, you never would have heard of a ranch townhome. But now the first-floor master and ranch designs are frequently the first homes to sell out," said Roger Mankedick, executive vice president of sales and marketing for Concord Homes. "Empty nesters who buy a townhome right after their kids

leave may live in the home for 20 or more years. They may not want to commit to a house with stairs."

Townhome buyers today also are looking for more space to house a lifetime of possessions or to make room for a growing family. Centrum Properties designed The Essex at Middlefork Woods in Northfield with four floors and 2,812 square feet of living space.

"By adding a top-floor penthouse sundeck area and basement, we expanded the average two-floor townhome plan to give buyers some elbow room," said John McLinden, partner with Centrum Properties.

Buyers also are adding luxury amenities such as volume ceilings, skylights, formal dining rooms, master baths with whirlpools and large showers with seats, and high-end finishes.

"Downsizing empty-nester buyers can usually afford to add a few extras to their homes," said Robert Nelson, president of Fox Valley-based Waterford Homes,

developer of Waterford Oaks in North Aurora. "Often times they sacrificed luxuries for space or budget in their single-family homes and now they want everything. It seems like the more you offer, the more they add."

Strong market demand for versatile townhomes caused Concord Homes to create two flexible two and three-story townhome floor plans with a combined 22 design choices. This Mews series of homes is offered at Ogden Pointe in Aurora, Sienna in Wheeling and The Polo Club in Glendale Heights. Lower-level plans accommodate two bedrooms, a guest suite or a family room.

At Heatherfield in Glenview, The James Companies incorporates its townhomes and rowhomes into 45 acres of landscaped greenspace, including seven neighborhood pocket parks and greenbelt with miles of walking and bicycle paths.

"Townhome buyers may not want to maintain a yard anymore,

but that doesn't mean they don't want to enjoy outdoor spaces," said Warren James, an officer with Heatherfield Venture, one of The James Companies. "At Heatherfield, we offer these buyers a park or resort-like setting outside their front door."

And townhome buyers do not want bland cookie-cutter exterior designs, especially when moving from single-family homes, Mankedick added.

"Many of these people take great pride in their homes, going to great expense to make them their own," he said. "In our townhome designs, we offer covered raised entryways and individual exteriors so each townhome front is unique."

"Our empty nester townhome buyers say they like to live next to children and young families," said Kari Harrison, director of sales and marketing for Lord & Essex Homes. "It keeps them young at heart."

Painting tools: How to choose the right product for your project

Interior painting is one of the top projects for the do-it-yourselfer, second only to gardening.

With all the unusual colors available -- orange cantaloupe, orchid lane, sunbaked sand -- it's difficult enough to decide on a hue without having to worry about which tools and gadgets you're going to need.

To make your decisions easier,

here's a sampling of tools and techniques for interior painting.

Rollers
Roller covers come in foam and lambskin (or a synthetic mixture). Foam rollers, which are available in varying widths, are inexpensive, disposable and work well when painting paneled doors and baseboards, as well as simplifying the work in unusual and intricate areas. The draw-

back, however, is that they leave tiny bubbles in the paint surface. It is best to take the extra time to go over your work with a dry brush to smooth things out. A good lambskin roller cover will last for a long time if it is cleaned properly. Most jobs require either a 7" or 9" roller although wider sizes may be more useful for coating floors and roofs, but are more difficult to use. To achieve a dif-

ferent texture on the wall, try using varying roller covers. **Paint Pads and Edger Pads**
Foam-backed paint pad applicators carry a lot of paint so that large areas can be covered in one application with a smooth application. Interchangeable pads are available in a variety of naps and most paint pad handles are threaded so that an extension pole can be added.

"Wheeled edger pads are simply small paint pads with wheels set into the edge and are great if you don't have a steady hand," said Philip Jones, of The Home Depot. "They can be useful and save time if you don't want to bother with masking tape when 'cutting in' while working on ceiling trim, windows and chair rails."

Power Rollers and Power Sprayers

Power rollers can be used for painting large surfaces easily and simplify painting walls and ceilings by reducing drips caused when using conventional painting tools.

Pump rollers, sometimes known as paint sticks, are easy to use and simple to clean up. The paint is sucked out of the can into a plunger-type handle. No tray is required. A simple press of the handle releases a consistent, controlled paint and allows you to continue to work uninterrupted until the handle is empty. One fill should cover a 7 x 10' area.

Another design includes a roller that is attached to an airless sprayer in place of the spray gun. These rollers have a control knob that is adjusted for the desired amount of paint flow. Also on the market, battery operated power rollers automatically draw paint from the can through a hose connected to the roller cover. A switch controls the flow of paint.

Power sprayers come in a variety of models and prices and do an excellent job painting or staining siding or cinder block. HVLP models (high volume / low pressure) will eliminate the many over-spraying problems and help assure that you apply the necessary amount of paint.

Roller Extension Poles
Available in aluminum and wood, roller extension poles will save you from going up and down the ladder. A 4' to 6' pole which screws into the roller handle should work fine for most ceilings and walls by extending your reach and cutting hours off the job. Expandable poles take up less space and can be adjusted to the correct length for the job.

A Few Words About Paint Brushes
Even with all the gadgets, it's still important to have a good brush on hand. Brushes which are 4" wide are recommended for painting wall surfaces while a 1" or 2" sash brush should be used for trim and cutting in. It's important to match the brush to the type of paint you are using and the job you're doing. For latex and other water-base paints, use only synthetic filament brushes, like nylon and polyester because they do not absorb the water from the paint like natural bristle, and therefore hold their shape.

Heart of the home is the kitchen

The pulse of the American kitchen is changing, according to the National Association of the Remodeling Industry (NARI). Today's heart of the home represents individuality, growth, adaptability, entertainment and the social center. American kitchens are getting bigger, and more flexible. They accommodate entertainment centers, islands, multiple cooks, desks, eating areas, computer, televisions and even the family pet. It is the one place where the family gravitates to after a long, stressful day at work. And it is the place for bonding.

Families today have less time at home than any other generation to date. Most are living in two-income houses, with children,

and in many cases, their live-in parents. They are the sandwiched Baby Boomers. And this trend toward multi-generational households is influencing modern kitchen design.

Kitchens need to be more adaptable and universally accessible. Multiple counter heights are becoming standard features, as are pull-out shelving in the cabinetry. But is it all for practicality's sake?

Jean Butler says no. "The keys to today's kitchen design are decoration, personalization and customization. Homeowners want their individuality to show through the use of more decorative touches in the kitchen: million doors, plywood end panels, mixture of wood tones and multi-

ple counter heights are all statements about the homeowner. The kitchen has become a room that is as consciously decorated as any other room in the home. The fact is, many of the universal design features add visual interest, which only increase the custom feel."

The kitchen is pulling in features and functions like never before-seating areas are being added, home office spaces are appearing, recycling centers are becoming standard, daylighting is on the rise and the overall kitchen space will continue to open into the main living area through the great room design.

The kitchen is a definite, personal statement about the family, and it acts as the cornerstone of the rest of the house. It is the social center. The place where the family congregates and where the party always ends up...and this group likes to entertain.

You should expect a rise in bar sinks, wine coolers and racks, and other built-ins that ease the entertaining process. Unlike kitchens in homes of the 1950's, 60's and 70's, the 1990's kitchen is not separated from the main living area of the home. It is a light, airy space that is a visible component of the home.

Recycle Illinois!

Did You Know?
There are 230 recycling drop-off centers in Illinois, and 223 businesses that "buy back" recyclables from the public.

Last year, Illinoisans recycled 840 million steel (tin coated) cans, or 73 cans per person. But, 680 million cans (53 per person) were still thrown away!

Illinois residents receive 5.4 billion pounds of junk mail each year. 44% of it is never opened!

Question of the Month:
What happens to all the paper, cans, and bottles after I put them in the recycling bin?

The materials are all carefully sorted by the recycling company (newspaper from cardboard, aluminum cans from tin cans, milk jugs from soda bottles, etc.). Each material is then compacted or baled, and truckloads are shipped to a factory where it is made into new products.

Voter Canvass of Suburban Cook County to begin

Cook County Clerk David Orr announced that his office is conducting a mail canvass of registered voters in suburban Cook County. He urges all voters to watch the mail for their voter card and help see to it that cards addressed to people who have moved are returned to the postal service so they can be used to bring the Clerk's files up to date. "Our aim is to update the records of people who have

moved within the county and purge the names of those who have moved away," Orr said. "A successful canvass will save thousands of taxpayer dollars that won't have to be spent on unnecessary printing and mailings." "The mail canvass is one of our chief ways of keeping accurate voter files," Orr said. "We need suburban residents to watch the mail and return cards of people no longer at that address."

Dangers of Fireworks

The American Academy of Ophthalmology (Eye M.D.s) and the National Association of State Fire Marshals have joined forces to encourage families to attend public fireworks displays instead of using fireworks at home this Fourth of July. The reasons for this warning can be seen in the following statistics:

- Of the approximately 7,000 fireworks-related injuries each year in the United States, about 2,000 are eye injuries caused by consumer fireworks. Nearly one-third of these injuries result in permanent eye damage. Almost one in 20 victims lose all useful vision or require removal of the eye.
- One-fourth of all eye injuries caused by consumer fireworks are inflicted on bystanders.
- Three-fourths of all fireworks-related eye injuries are to boys between the ages of 13 and 15.
- The single most dangerous type of firework is the small, explosive "bottle rocket." Bottle rockets are the most dangerous because they fly erratically, causing bystander injuries. The bottles are cans used to launch fireworks often explode, showering fragments of glass and metal.
- Sparklers, often given to young children, burn at 1800 degrees Fahrenheit, nearly hot enough to melt gold.
- "Attending a public fireworks display on the Fourth of July is a safe way to honor our tradition of independence, our shared values and our hopes for a healthy future," said Elliot Finkelstein, M.D., President of the American Academy of Ophthalmology.
- For more information, visit the American Academy of Ophthalmology's website at: www.eyenet.org or the National Association of State Fire Marshals' website at: www.firemarshals.org.

LETTERS TO THE EDITOR

Maine East graduates thank teachers

To all the Maine East teachers and faculty who have made a difference in our lives: To begin, thank you for everything you have done. You have helped us become more mature, responsible, and knowledgeable adults, not just students. It's amazing how much has changed since the first time we stepped in this building as budding freshmen four years ago. Through all those four years, you have guided us in our endeavors in times of joy, pain, and tragedy. You have acted as our mothers and fathers during our stay here. You have made our high school a challenging but extremely rewarding experience for all of us. You have helped pave our way toward college and employment. For these and for many other reasons, we thank you from the bottom of our hearts.

Good luck and we hope to see each other again in the future. Forever grateful,
Senior Class of '97-'98
Resident comes to Michael Jordan's defense

Dear Mr. Besser: This letter is in regard to your Editorial, "From the Left Hand", June 18 issue.

I believe your comments about Michael Jordan were definitely out of line. Michael Jordan is not God, but you are not either, to judge him about his past history. True or not, it was not up to you at this HAPPY TIME to judge him. The Chicago Bears are dead, The Chicago Blackhawks are dead, and the Sox and Cubs are so-so.

Please let us enjoy this special time we have with our Bulls - SIX TIME WORLD CHAMPIONS!!

Dangerous Data: Prevent Blindness' Fireworks Injury Registry

A child plays with a Roman candle at a crowded 4th of July picnic. He holds the candle at arm's length, twirling it to send colorful, flaming balls into the night sky. After the third discharge, the casing catches on fire. Startled, the boy drops the explosive. The fourth and fifth shot discharge into a nearby crowd, striking one girl's hand and another in the face and chest.

"I still have the burned T-shirt I was wearing that day," says Nancy Antol of Prevent Blindness America. "If it hadn't been for my friend who put her hand between my face and the explosive, I would have been blinded." Fortunately Antol, who received first-degree burns on her face and chest, didn't require hospitalization for her injuries. Her parents, angry, frightened and grateful the injuries weren't worse, comforted themselves by saying "At least this accident will serve to warn other parents and children." They were wrong.

Did you know that unless an injury is treated in a hospital emergency room, the U.S. Consumer Product Safety Commission does not include it in their statistics? Fireworks injuries that are treated in a doctor's office, a clinic or walk-in care facility or a specialized eye institute, as well as those treated at home, are not included in any fireworks statistic. The stories of near misses and potential disasters go unrecorded.

Now there is a place to share fireworks accident stories: the Prevent Blindness Fireworks Injury Registry. Accessible either through the Prevent Blindness web site, www.preventblindness.org, or by calling its toll-free number, (800) 331-2020, the registry logs the details of fireworks accidents.

"The registry will help put names and faces with numbers. In 1996, fireworks injured 7,600 people. Numbers may be diffi-

cult to comprehend, but the story of a child injured, maimed or killed makes the tragedy of consumer fireworks tangible," said Richard T. Hellner, president and CEO of Prevent Blindness America.

If there is an injury, don't be just another number in the injury totals. Share your story and help Prevent Blindness put a face on the tragedy consumer fireworks brings to thousands of families each year. Call Prevent Blindness America at (800) 331-2020 or visit www.preventblindness.org or safety/registry.html to register any fireworks accidents.

If you are interested in looking for your family history the Archives office is a great first step. You will like to find family members' ages, previous national background, educational history and when preceding generations emigrated to the United States. You must reserve a date for a visit by telephoning this office.

America in the 1990's:

The Mister Shops are advertising a limited edition soft leather handcrafted Chicago Bulls' jacket "specially priced" at \$1,595. It advertises the jacket has fantastic details which include the heading, "Repeat The Threepeat" plus the Bulls logo and lists the six years they won championships recorded vertically on the sleeves of the jacket.

Niles village president, Nick Blase, may have the longest running show in Illinois, if not the entire United States. Last week the Mayor of Norridge, Joseph Seib, died at the age of 90 years old. I believe he was the only mayor Norridge ever had, serving as its first mayor in 1951 and being re-elected 12 consecutive terms including the 1997 term. He served 47 years as mayor.

Niles' Nick "In The Day" as well as Niles' "Nick At Nite" is now in his 38th year and is likely to run again in the year 2001.

Another village election news item reported former Park Commissioner Buddy

Skaja may run for trustee or mayor in the upcoming elections. Buddy is a fine young man but has rode his popular name into office for many years. His intemperate behavior on the park board would likely create strong opposition to his village candidacies.

Recommendations:

If you TV watchers can break away from the boob tube you might enjoy a great radio show Saturday mornings at 9 a.m. on FM station WBEZ (91.5). The Mangione brothers have an hour-long call-in show evolving around discussions about fixing and taking care of cars. The brothers, who've nicknamed themselves Click and Clack, are very erudite Boston guys replete with those broad Boston accents and degrees from MIT. Their advice on what to do with your car problems is right on the money. And the interplay between themselves, and with their callers-in, is very funny. A great show.

The book, "Tuesdays With Morrie," has been bouncing around the best seller lists in American newspapers for many weeks. The author, a Detroit sports writer, flew to New England every Tuesday for several months to visit his old friend and professor who was dying from Lou Gehrig disease. The love and compassion and wisdom expressed during these visits has created a warm and thoughtful book.

When the project is completed, the center will also have to furnish off-duty police officers to direct traffic at the intersection on popular shopping days, according to the ordinance drafted by the trustees.

Anticipated annual revenue from the new restaurant and theater complex is expected to be as high as \$1.4, added to the \$16

million generated by the rest of the shopping center.

The project will be constructed in three phases. The theater is scheduled to be built by year's end, while the first parking deck will be ready by late summer of next year. The second parking deck will be completed in the fall of 2005.

ference and other governmental agencies, Selman said. Approval of the ordinance does not affect the general public in Niles, according to village officials.

The ordinance will go into effect Aug. 1.

In other business, the board approved unanimously a resolution authorizing the Public Services Department to apply for a grant from the Illinois Department of Natural Resources to provide matching funds to offset development costs of a "pocket" park to be constructed in the southwest corner of the present Jozwiak Park.

According to Jun Noriega, Director of Public Works, a retention basin is part of the plan for the expansion of the Public Works Building. "Instead of paving everything, we want to provide a small area like a park, possibly with a swing for the kids so the neighbors will be able to use it," Noriega said.

After receiving the board's unanimous approval, the Public Works will firm up plans for the proposed park and cost estimates and submit them with along with the grant proposal to the Department of Natural Resources, which will foot half the bill if the proposal is approved, Noriega said.

Because Niles has suffered the loss of 75 to 80 trees in recent storms and drought situations, the Public Works Department has ordered 200 trees, double the usual number purchased each year, from the St. Aguin Nursery.

Instead of merely replacing damaged trees, the village can go forward and plant new trees in locations all over the village, Noriega said.

The trees ordered will be of assorted varieties to avoid the occurrence of a disease that might kill most or all of the village's trees, Noriega said. Because of the increased order, the price per tree has been dropped from \$246.70 to \$239.

Looking ahead to winter, the board unanimously approved the awarding of the salt contract to Morton Salt for a second year instead of the state contractor.

"I have to make sure I have salt for the winter," Noriega said. He praised Morton Salt for delivering the salt on time when it was needed. "When we called them, they delivered the salt the same day, and it was good salt. We want to stick with the same company," Noriega said.

The contract calls for 4,000 tons of salt at \$29.80 per ton, an increase of 67 cents per ton over last year's contract.

Noriega said he favored the contract renewal despite the price increase, "because of our experience [with Morton Salt]. If they [the state contractor] don't deliver, what good is the salt, even if it is \$2 [per ton] less? Noriega asked.

and high humidity, the rotation of relief crews was necessary. A total of 75 fire personnel reported to the scene, and mutual aid was received from Niles, North Maine, Glenview, Park Ridge, Skokie, Des Plaines, Wilmette, Northfield and Northbrook.

"The reason we called so many personnel was because of the heat," Czerwinski said. "We had to recycle the troops. Firefighters can only work efficiently for 20 to 40 minutes under those conditions. Then they have to be put into rehab where their pulse and vital signs are taken and we get electrolytes back in them. They wouldn't go into heat exhaustion," Czerwinski said.

MES, Metropolitan Emergency Support Services, set up a canteen at the scene to provide firefighters with cold drinks and water to help replace electrolytes and rehydrate them, Czerwinski said.

The firefighters were perspiring profusely during the fire because of the humid weather, the heat of the fire and the equipment they wear, Czerwinski said. "They have to be cooled down and rehydrated," Czerwinski said.

A Niles firefighter was treated for heat exhaustion and dehydration at Lutheran General Hospital. Although he was released from the hospital, Czerwinski said he thought he was still off work because of his injury.

Three Morton Grove firefighters were also injured in the blaze. One was treated for a back injury at Lutheran General Hospital. The others were treated at the scene for minor lacerations, one on the hand, the other on the arm.

Smoke conditions at the incident were also affected by the weather, and a blanket of smoke hung densely in the area. Had this fire occurred in the winter, the

LiIac Tree presents workshops on mediation, financial planning

The LiIac Tree will present a seminar exploring divorce mediation processes Tuesday, July 7, from 6:45 p.m. to 9 p.m. at the YMCA Evanston/North Shore at Church Street and Ridge Avenue in Evanston.

Speakers Sandra Edwards, J.D., a divorce attorney, and Steven Bloomberg, M.G.A., J.D., a divorce mediator, will discuss the pros and cons of the court mediation processes.

"Financial Planning and Survival in Divorce" will be presented Tuesday, July 14, 6:45 p.m. to 9 p.m., at the Evanston/North Shore YWCA at Church Street and Ridge Avenue in Evanston.

Speaker Clarissa Anne Fuller, CFP, CDP, will discuss the financial issues that often turn divorcing people into bitter enemies. Property, separate, marital and presumptive gift, life insurance, social security, career assets and

smoke would have risen more easily, Czerwinski said.

The fire apparently started in the basement of the residence and was described by firefighters as substantial in size. Fearing a collapse of the first floor, firefighters were taken out of the structure and extra hose lines were set up to fight the blaze from the outside.

The fire caused structural collapse of half of the flooring on the first floor and the first floor finally did collapse into the basement, Czerwinski said. "The weakened floor and wobbling stairs were signs that the structure was not stable," Czerwinski said. Czerwinski credited the mutual aid provided by the many surrounding communities. "The cooperation of the surrounding crews really helped," he said. "They worked seamlessly, even though they came from different jurisdictions."

The first unit arrived at the scene at 2:58 a.m. The fire was brought under control by 4:30 a.m. Czerwinski said the main fire in the basement had been struck in about 45 minutes, but that some smaller deep-seated fires in the walls of the second floor of the home, which was of frame with brick veneer construction, took longer to extinguish. Firefighters also performed a salvage operation on the second floor to remove valuables for the occupants.

The preliminary damage estimate was \$175,000. However, investigators were unable to determine the cause of the blaze due to the structural condition of the building which prevented investigators from entering the basement.

"They will work with insurance company personnel to determine the cause of the apparently accidental fire after the structure has been stored and stabilized, according Czerwinski.

A number of celebrities, including Sheryl Swoopes, Leeza Gibbons, Martha Stewart, Gregory Hines and Christie Brinkley, are working with the March of Dimes during its 60th anniversary to promote awareness of its vital mission to save babies.

The foundation has always had the support of the stars from its beginning in 1938, when Eddie Cantor coined the phrase March of Dimes, and through the ensuing decades, when luminaries like Helen Hayes, Spencer Tracy, Bob Hope, Arnold Palmer and Red Skelton lent their support.

Founded in 1938 by President Franklin D. Roosevelt to defeat polio, the organization accomplished that mission within 20 years. It subsequently took on the challenge of birth defects and, over the past 40 years, has been responsible for major breakthroughs, like the PKU screening test, neonatal intensive care units and folic acid education.

Each year, 150,000 babies are born with birth defects, the leading cause of infant mortality in the U.S. And more than 285,000 babies are born at a low birth-

weight, which means they are 20 times more likely to die before their first birthday than average weight babies.

For more information, call the March of Dimes at (312) 435-4007; or visit the March of Dimes home page at www.modimes.org.

Leaning Tower Concert Series for 1998

The Niles' Leaning Tower has been a landmark in Niles since its construction in 1934. The Tower, located at 6300 West Touhy Avenue in Niles, is a one-half size replica of the Leaning Tower in Pisa, Italy. In 1996, Niles finished renovations on the Leaning Tower, which included rehabilitation of the exterior, new lights on each floor, a Plaza area that includes four new fountains, a 30 foot reflecting pool and landscaping.

In 1997, Niles began hosting concert events at the Leaning Tower Plaza. The Maxwell Street Klezmer Band and Enzo Incandela performed and attracted over 1,000 listeners. Due to the success of the concerts in 1997, Niles has decided to host an entire concert series throughout July and August. Each Thursday evening from 7 to 9 p.m., a different band will perform unique ethnic music for entertainment and to celebrate our community's diversity. We are also attempting to have ethnic food available from vendors at each concert.

July 2, Enzo Incandela. He delighted the crowd at the Leaning Tower dedication and he opened for the first concert last summer! The audiences can't resist singing, laughing, clapping and enjoying the brilliant Italian music performed by Enzo and his assistant.

July 9, Buffalo Shufflers. Sing-

alongs, instrumentals, novelty tunes and endless fun. An ensemble of five versatile musicians, they perform on banjos, tuba, trombone, keyboards and washboards.

July 16, David Rothstein Trio. Live Jazz concert featuring a brass guitar, trumpet, and vocalist.

July 23, Waterloo German Band. German waltzes, polkas, and more. Contests and games for the entire family.

July 30, Meisner Magic. Join the father and son team for fun, laughs, and good polka music - Meisner Magic!

August 6, Musica Viva Wind Trio. Features music from the swing and big band era, with an emphasis on the standard jazz classics.

August 13, Maxwell Street Klezmer Band. "Soul Music" of America's Russian-Jewish immigrants. Back by popular demand - nine (9) instrumentalist-vocalists will dazzle you once again this year.

August 20, Ciminello Orchestra. Don't miss a stunning performance by the Paul Ciminello Orchestra traditional and modern Italian orchestra music.

August 27, The Connexion. The Connexion is a seven-piece band with two lead female vocalists, guitar, bass, drums, keyboards/trumpet and keyboards/sax. Sing, dance and have fun!

The March of Dimes celebrates 60 years

In 1998, the March of Dimes is celebrating its 60th anniversary, marking a six-decade track record of accomplishments that have saved millions of babies from death or disability.

On Friday, July 17, Happy Foods at 3932 Church St. in Skokie will hold a "Hot dog and Coke for \$1.00 Day".

The ARK is a not for profit agency offering over 130 diverse services to the needy. Each and every service is offered free of charge and each is offered in a spirit of loving kindness that restores and preserves the dignity of the impoverished. The ARK is food to the hungry, shelter to the homeless in a transitional residence, free medical, eye, and dental care to those in need, as well as countless other social services. The backbone of the ARK is provided by 500 volunteers, including doctors, dentists, pharmacists and clerks who give of their time and expertise. The ARK is a place of solace, hope and recovery for those who have nowhere else to turn.

American Cancer Society's Relay for Life

In communities throughout Illinois, people are gathering together to help fight cancer. This unique event is called Relay for Life and is the American Cancer Society's national signature event, raising more than \$2.5 million in Illinois and \$59 million annually throughout the country.

Relay for Life is a community-based event, that brings together teams from local companies, schools, clubs and organizations, as well as families who go around the track in relay fashion. The American Cancer Society-North Shore will be hosting its event on June 19 starting at 6 p.m. at Niles North High School, 9800 N. Lawler, Skokie. A participant from each team will be on the track at all times until the event ends June 20 at 12 p.m. The first lap of the relay will be the survivor's lap, recognizing anyone who has ever been diagnosed with cancer.

For more information about this event or to sign up your team now, contact Marcee at American Cancer Society, North Shore Area Office, (847) 328-5147.

Real Estate Continuing Education Courses offered

Real estate salespeople and brokers can fulfill their continuing education requirements this summer by completing courses offered through the Alliance for Lifelong Learning (ALL), Oakton Community College's continuing education program. Classes start in July and are held at Oakton's Des Plaines campus, 1600 E. Golf Road, and at the Ray Hartstein campus, 7701 N. Lincoln Ave., Skokie.

Licenseses must take a minimum of six hours of mandatory courses and a maximum of six hours of elective courses to fulfill continuing education (CE) requirements. To obtain continuing education credit for the Oakton courses, licensees must attend the entire three-hour session and successfully complete a brief exam. Courses to be offered at Oakton this summer are designated mandatory (M) or elective (E). The fee for each real estate continuing education class is \$40.

Property Management is Not For Sissies (E) (REL E61 031, Touch-Tone 7667) meets on Wednesday, July 8 from 6:45-10 p.m. at Oakton's Des Plaines campus. The class explores the duties and responsibilities of the owner and manager of a real estate agency based on fair housing, anti-trust and license laws and lo-

Cousins exhibit nature works

Duet: Two Views, an exhibit of photographs and watercolors by cousins Carol Freeman and Wilma Leftwich will be shown at Lincolnwood Village Hall, 6900 N. Lincoln Ave., July 15 through the end of August.

The photography of Carol Freeman focuses on the beauty of nature's wonders, especially flowers, birds, butterflies, animals, and prairies. Her pictures have been published in schoolbooks, on magazine covers, and in various Chicago Botanic Garden publications, most recently on the cover of the 1997 annual report and on the current cover of the Garden Talk newsletter. Her photos can be seen worldwide on
