Make the Campfire Right Before You Light

Smokey is counting on you to build a safe campfire.
1. Dig a small pit away from overhanging branches.
2. Circle the pit with rocks.
3. Clear a five-foot area around the pit down to the soil.
4. Keep a bucket of water and shovel nearby.
5. Stack extra wood upwind and away from the fire.
6. After lighting, do not discard match until it is cold.
7. Never leave a campfire unattended, even for a minute.

REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES.

How to win against termites

Understanding what termites want is critical to stopping any activity. Here’s how to thwart their plans:

1. Keep your outdoor structures well-maintained. Termite shelters are a frequent cause of termite damage.
2. Avoid using landscape timbers, since they can be a breeding ground for termites.
3. Keep your foundation levels as low as possible. Higher foundations are more prone to termite damage.
4. Use termite-resistant building materials, such as redwood or cedar.

In your home:

1. Inspect your home regularly for termites. Termite damage is often difficult to detect without professional inspection.
2. Keep your home dry to prevent termites from infesting it.
3. Use termite barriers around your home to prevent termites from entering.

HELPFUL HINTS TO BEAUTIFY THE HOUSE

1. Taking your plant or flower arrangements indoors for the night can help protect them from being damaged by termites.
2. Use termite-resistant building materials, such as redwood or cedar.
3. Keep your foundation levels as low as possible. Higher foundations are more prone to termite damage.
4. Use termite barriers around your home to prevent termites from entering.

Children with Flashlights

When the seasons change, and the lights go on, the fun doesn’t have to stop. For parents, the solution to keeping children engaged and entertained is to plan some fun activities. Here are some ideas to get you started:

1. Flashlight treasure hunt: Hide objects around your house and have the children find them using flashlights.
2. Color scavenger hunt: Give the children a list of colors to find around the house and have them use flashlights to find them.
3. Flashlight shadow play: Use the flashlight to create interesting shadows on the wall.
4. Flashlight dance party: Have a flashlit dance party with some music and flashlights.
