Holy Family offers "safety tips" for Halloween

For most children, trick-or-treating means dressing up in their favorite costume, placing their feet firmly on the ground and seeking everything from candy to popcorn. But for parents, Halloween means taking extra steps to ensure that children have a safe and happy Halloween.

**General tips to ensure children are safe:**
- Have a safe and happy Halloween!
- Trick-or-treating for bags of candy is fun and treats.
- The ARK’s Senior Program anniversary

**Costumes:**
- For most children, 1-to-flowers.
- Treats
- Flashlights should be carried.
- Health Mix
- Chocolate Almond
- Chocolate Non-Pareils

**Meals:**
- Yogurt Peanuts
- Mozzarella
- Leek & Parsley
- Focaccia Bread

**Travel In the Dry Heat Theatre to enjoy the riotously entertaining...**

**Ways to get involved in your community...**
- Classes meet (to) the Prairie View Community Center. Contact Linda Moths at the Morton Grove Park District, 965-1200, for details.
- This year, a choice of the traditional needle injection or a pump.**

Morton Grove Police Department receives grant

The Morton Grove Police Department has been awarded a grant for $79,000 to help fund manpower and equipment for enforcing an ordinance that prohibits the use of cell phones while driving in Morton Grove. The results of the 2009 traffic enforcement survey by the Illinois State Police indicated that 66 percent of all front seat occupants were wearing seat belts while driving. This proportion was higher than it was in previous years, and the Morton Grove Police Department is working to further increase it.

The enforcement period was extended from May 17 through July 28. During this enforcement period, Morton Grove police officers were engaged in safety patrols and attended various locations in Morton Grove. This additional time allowed for more traffic enforcement officers to be on the road at the same time.

The Morton Grove Police Department has been proactive in enforcing the city's traffic and parking laws for over a century. They are committed to maintaining a safe and orderly community by providing a high level of police service.

What's Happening

This fall we are celebrating the 10th anniversary of the Oakton Performing Arts Center. To commemorate this milestone, we are hosting a series of events throughout the month of October.

These events include a free concert by the local band, a special performance by the Oakton Community College Choir, and a presentation by a noted historian on the history of the performing arts in Oakton.

The Performing Arts Center is located at 6100 159th Street, Skokie, Illinois 60077, and admission to all events is free to the public. For more information, please call (847) 692-7508 or visit www.oakton.edu.

SJB School News

For three days this past week, the students of Oakton Community College participated in the 10th annual Oakton Performing Arts Festival. The festival is held every two years and features a variety of events, including music, dance, and theater performances.

This year's festival included a variety of performances, such as a one-act play, a dance recital, and a series of musical numbers. The performances were held in the Oakton Performing Arts Center and were attended by students, faculty, and local residents.

Oakton faculty exhibits artwork

Artwork created by several Oakton faculty members was on display at the Oakton Performing Arts Festival. The exhibit included paintings, sculptures, and digital images created by faculty members in a variety of media, including oil, acrylic, and digital technologies.

The exhibition was held in the Oakton Performing Arts Center and was open to the public.

St. Scholastica

Open House

On Saturday, October 3, the St. Scholastica High School held its annual Open House. The event was attended by prospective students and their families, who had the opportunity to tour the campus and meet with school administrators.

The Open House featured a variety of activities, including a tour of the campus, a presentation by the school's principal, and a Q&A session with the school's faculty.

In addition, there was a reception for families, where they could meet with current students and learn more about the school's programs and offerings.

With 25 Years of Experience, Nobody Knows Alzheimer's Care Better Than We Do

For 25 years, Glenview Terrace Memory Care has been quietly building a reputation of providing quality skilled nursing care to residents of Chicago's North Shore community. The compassionate and clinical excellence of our nursing, medical and therapy staff has been acknowledged by the highest accreditation possible by the Joint Commission on Accreditation of Healthcare Organizations -- Accreditation with Commendation.

It is with the same compassion and clinical excellence that we develop our Alzheimer's Care Unit -- a unit that represents harmony, safety and hope for the residents.

Residents within the memory care unit can rest assured that their interests will be respected at all time. The Memory Care Unit provides a homelike environment with surroundings designed to provide meaning and purpose for the residents. Caregivers, activities specialists and family members also work together to ensure that the program is one that considers the needs of the residents.

Important questions to ask your plumbing contractor

1. Are there any local or state regulations regarding plumbing systems? Are there specific codes that must be followed?
2. What is the contractor's experience and expertise in installing and maintaining plumbing systems?
3. What is the contractor's warranty policy and what does it cover?
4. Can you provide references or testimonials from previous clients?
5. How long has the contractor been in business and what is their track record?
6. Can you provide a written estimate of the cost of the project?
7. Are there any hidden costs or fees that I should be aware of?

Learn more about plumbing at our website: http://www.plumbingcontractors.com

Note: The above questions are general guidelines and may vary depending on your specific situation. It's important to research and compare contractors to ensure you are getting the best possible service.
Copper pipe beats plastic hands down

If you've ever built a new home, if your code requires it, or if you have newer homes, you know that Periodically you have to install some copper pipe. It's a necessity.

And while architects and contractors do the plans, only a smart homeowner can't help but be interested in the details of this material. Copper pipe has some advantages, but let's talk about the problems copper pipe can take on kitchen or bathroom plumbing.

Ten shade Irres ace Segar

I've worked with copper for years. We've seen it in my homes and in others and have found that copper is great for the home. It's an excellent material for the job.

**Letters to the Editor**

**Nilesite cites Left Hand for Tan name change suggestion**

Dear Mr. Editor:

What a name-changing year we've had! From Lefty to Left, it seems that people are tired of being left behind in all sorts of ways.

At this time, I urge you, the reader, to support a name change suggestion that I believe would be beneficial to all concerned.

The suggestion is simple: change the name of Tan from Lefty to Left. This change would not only reflect the current social climate, but it would also serve as a reminder that left-handed individuals are indeed worthy of respect and recognition.

Sincerely,

[Signature]

EEO/AA
The major threat in the form of parent-teen driver contracts. For the 15-19 age group, adults are at least three times more likely than the teen driver to cause a collision. In addition, according to the National Highway Traffic Safety Administration, there are more than 15,000 collisions involving young drivers each year. On a daily basis, they are three times more likely to crash than drivers aged 20 or older. Therefore, it is vitally important for parents to address this issue.

Over the past few years, some public and private schools have taken steps to educate students about the dangers of drinking and driving. Unfortunately, new laws are putting parents in the position of having to be more involved in their children's lives. This provision also makes it more difficult for parents to avoid the situation. For example, a recent study showed that parents who are not involved in their children's lives are more likely to crash than those who are. The best way to handle this situation is to talk to your children about the dangers of drinking and driving and to establish clear guidelines for their behavior.

The case for parent-teen driver contracts

A written contract can lead to a gradual development of greater understanding among the family members. For example, a contract can help a parent avoid a situation where the child is asked to drive alone. If parents sign a contract, they can ask the child to drive with a licensed adult or take a supervised driving course. A list of the rules to follow for such a contract may include:

- No alcohol
- No cell phone
- No passengers
- No distracting activities
- No speeding

The outcome of these contracts will vary from family to family. Some parents may find they are able to develop a mutual understanding of the situation. Asking your teen to explain their own views on the rules can also be helpful.

The parents who already have such a contract in place have more than their share of lives to save. Causal collisions now claim more lives than other causes combined. They also have a much better understanding of the situation.

As a parent, it is important to make sure your child is safe while driving. This includes understanding the laws and the consequences of breaking them. For more information, you can contact your local police department or a driving school.
Student Ambassador Program at Niles Culver

Student Ambassadors are the program's main goal. The program is designed to build community and provide leadership opportunities for students. Participants will have the opportunity to develop skills in public speaking, teamwork, and communication. The program culminates in a ceremony where students are recognized for their contributions.
