From the Left Hand
Centennial thoughts from Bud Besser, founder, Bugle Newspapers, June 5, 1997

There was an old Niles and there's a new Niles.

Old Niles was a few blocks long, between Albion Avenue (6500 N.) and Touhy Avenue (7200 N.) with a few scattered homes to the north. And then were the farms.

New Niles exploded in the 1950s. The G.I.'s and their families bought 1,000 square foot two-bedroom homes and changed Niles complexion from easy-going rural to hi-tech metropolitan.

"Niles became a hybrid community – taking the best of the old and the new."

Niles had no Mason-Dixon line. But the end of World War II could be considered a time line which separated old Niles from new Niles.

The new Niles got a free ride to college as a reward for their military service. It spawned a generation of engineers and scientists and led the way to an age of innovation. World War II veterans transformed Niles into one of Illinois' most successful communities.

Continued on Page 48

Thank You!
The Bugle Newspapers appreciate the assistance of the Niles Historical Society and the Village of Niles for permission to publish portions of Niles Centennial History by Joseph Zurawski.

100 Years...
In 1997 Niles was mostly an undeveloped prairie which was the home of a few farmers and tavern owners.

A trip to Chicago could take up to three days from this isolated hamlet.

This is the story of how this dot on a map became a community of immigrants and, later, the homes of thousands of World War II veterans who turned Niles into one of Illinois' most successful communities.
Niles Fire Dept. grew from volunteer force in 1901 to today's example as leading suburban force

The Niles Volunteer Fire Co. was organized in 1901 with 12 members. The company had a hose reel, two ladders, a portable pump, and a cart. The firemen were drawn from the homes of the early settlers of the village.

When incorporated in 1908, the Niles Fire Co. had a building, a hose reel, two ladders, two portable pumps, a cart, and a pumper. The first meeting of the Board was held October 30, 1908.

In 1920, the Niles Volunteer Fire Co. had 32 members. The first firemen were: August Kowalski, John Leski, Fred Leski, John Leski, George Leski, John Leski, George H. Leski, Louis Leski, Charles Leski, Charles Leski, Charles Leski, and Charles Leski.

By 1923, the Niles Volunteer Fire Co. had 51 members. The first firemen were: Charlie Leski, John Leski, Fred Leski, John Leski, George H. Leski, Louis Leski, Charles Leski, Charles Leski, Charles Leski, and Charles Leski.

The Niles Volunteer Fire Co. was fairly well organized and one of the finest suburban fire departments of its size in the state of Illinois. The only equipment owned by the company was an emergency apparatus that could carry a maximum pressure of 100 pounds. It was later purchased and replaced with a more powerful engine.

The Village's oldest family business continues to thrive today

As one of the few remaining businesses in the neighborhood, the Drake family, who today owns and operates the Drake General Store, continues to serve the community with the same dedication and commitment to quality service as it did when it first opened its doors over 100 years ago.

"Our store has been a staple in the community for generations," said third-generation owner, John Drake. "We pride ourselves on providing the best products and services to our customers, just as my father and grandfather did before us."

In addition to the store, the Drake family also runs a popular restaurant located within the same building. "Our restaurant is a favorite among locals and visitors alike," said John. "We offer a wide variety of dishes, including our signature dishes that have been passed down through the generations."

The Drake family has made many improvements to the store and restaurant over the years, but they have always remained true to their traditions and values. "We believe in treating our customers like family," said John. "That's why we've been successful for so long."

The Drake family looks forward to continuing to serve the community for many years to come, and they invite everyone to stop by and see what they have to offer.

**Nielsen's All American City award highlighted growth years**

In the 60's, Nielsen experienced rapid growth, with the population increasing by over 25%. This growth was fueled by the development of new suburbs outside of the city's borders, which led to an influx of new residents.

The growth continued into the 70's, with the population increasing by over 20%. This was due in part to the development of new industries and the creation of new job opportunities.

By the 80's, the population had continued to grow, with the city experiencing steady growth. This growth was fueled by the development of new businesses and the creation of new job opportunities.

In the 90's, Nielsen continued to grow, with the population increasing by over 15%. This growth was due in part to the development of new businesses and the creation of new job opportunities.

Mayor Nichols B. Blase, who served as mayor of Niles during the election, has moved with his wife and young children to a greater place. Blase, who has made his career in public service, is currently serving as mayor of Niles. During his tenure, Blase has focused on improving the city's infrastructure and ensuring the safety of its residents.

The Niles Police Department, under the leadership of Chief Ray Kinowski, has seen significant changes in recent years. With the introduction of new technology, the department has become more efficient and responsive to the needs of the community.

The Niles Public Library, which was founded in 1943 and predated even Chicago's first public library, has seen much more highly advanced technology in recent years. With the introduction of new technology, the library has become more accessible to the community. The library continues to grow and evolve, as new services and resources are added.

The Niles Free Press, which has been in operation since 1919, has also seen significant changes in recent years. With the introduction of new technology, the newspaper has become more accessible to the community and has been able to reach a wider audience.

The Niles Fire Department, under the leadership of Chief Ed Noriega, has also seen significant changes in recent years. With the introduction of new technology, the department has become more efficient and responsive to the needs of the community.

In Niles, a new era is dawning in the 21st century, and Niles's second millenium is about to begin. With the introduction of new technology, the community is poised to enter a new era of progress and prosperity.
Public works has remained a priority throughout Niles' first 100 years

As of responsibility, the Village Board of Niles was formed in 1899. Niles was incorporated as a village in 1899, although it was not until 1904 that the Village Board was established.

The first village administration included Edward J. Rocher, Sr., who served as the village attorney, Theodore M. Hirsh, who served as the island engineer, and Robert L. Rich, who served as the village clerk.

Public works have remained a priority throughout Niles' first 100 years. In 1900, in order to provide public services, a city engineer was elected, followed by the establishment of a city sanitation department.

In 1930, a new water system was installed, and in 1940, a new electric system was established.

Public works has remained a priority throughout Niles' first 100 years.
Morton Grove Tennis Programs to begin

The Morton Grove Park District announced the 1995 Fall Tennis programs, which will be held at the Morton Grove Park. All programs are under the direction of Robert Long. For information, call 975-3030 or stop by the park office. Special tennis programs include the Saturday Junior Tennis and the Adult Tennis programs.

Recalling the growth years which created the
Niles Park District

It's a fitting occasion that more than 50 years into the Niles Park District, we can note that there has been a steady increase in the number of programs offered and the number of participants. In 1945, the first few programs were offered, and by 1950, the program had grown to include more than 100 participants. Today, the Niles Park District offers a wide range of programs, including tennis, basketball, soccer, and more, with over 5,000 participants.

Activism of Niles Bugle was responsible for ouster of old guard politicians and Blase victory of 1961

Paul B. Jankowski was well-known in Niles for more than 50 years. Appointed a publican in 1911, he died in 1962 and was remembered for his integrity. He was the oldest in memory of some of the older citizens of Niles and was recalled as a dignified and gentlemanly man of sense, industry, and probity.

In 1961, a new era began in local politics when the Village Board was swept by a new wave of young candidates who had been active in the Village Youth Council. They were led by a young man named Edward Szynski, and Leonard Kwantowski, who was elected to the Village Board in 1961. Szynski is remembered by many Niles residents as a dedicated public servant who worked tirelessly for the benefit of the village.

The election of 1961 was a turning point in Niles history, marking the end of the old guard era and the beginning of a new era of progress and growth. It was a time when Niles began to emerge as a vibrant community with a bright future. The election of a new Village Board set the stage for the development of Niles as a modern suburban community.

Niles Assembly of God Church

Niles Assembly of God Church was founded in 1936 by Rev. Marion Michalszyn and his wife. The church was dedicated on June 1, 1936, in the presence of a large crowd of well-wishers. The church was originally located in a small building on the corner of Main Street and Greenview Avenue. The church was later moved to its present location in the Oak Mill Shopping Center.

By Nicholas B. Blaise

Niles: 1999 - 1999

Niles is poised to enter the 21st Century

During the 20 years that I have lived in Niles, both as a resident and as Mayor, there have been two distinct phases in the development of our community. The first phase was characterized by a period of growth and development, marked by the construction of new homes, businesses, and schools. The second phase was marked by a period of decline, marked by the erosion of community and the decline of the Village Board.

Niles is poised to enter the 21st Century with a new Village Board that is dedicated to the well-being of all Niles residents. The new Village Board members are committed to the development of Niles as a vibrant community with a bright future. They are dedicated to the well-being of all Niles residents and are committed to the development of Niles as a community that is worthy of the name.

I believe that Niles has the potential to become a model for other communities in the region. It is a community that is dedicated to the well-being of all its residents and is committed to the development of Niles as a community that is worthy of the name. I believe that Niles has the potential to become a model for other communities in the region.

In the first decade, and in the last two decades, of the Milwaukee Brewers' history, they have been a team of great promise. The team was founded in 1901, and since then, they have had a rich tradition of success. In the early years, the team struggled to find its footing, but by the 1920s, they began to establish themselves as a force to be reckoned with. Over the years, they have achieved numerous milestones, including winning the World Series in 1982 and 2011.

In 1922, the Brewers won their first World Series championship, defeating the New York Yankees. This was a significant moment in the team's history, and it helped to solidify their place in the sport. Since then, they have continued to be a competitive team, with numerous wins and championships to their name. In recent years, they have continued to improve, with a focus on developing young talent and building a strong team culture. Overall, the Milwaukee Brewers have a long and successful history, and they continue to be a beloved team in Wisconsin and beyond.
A Century of Progress
North Maine Fire Department to host annual Open House

The North Maine Fire Department will host its annual Open House on Saturday, September 21, from 11 a.m. to 3 p.m. at the fire station, 705 Main Street, Glenview. The event will feature demonstrations of equipment, fire safety tips, and a chance to meet the firefighters. The station, which houses the Glenview Fire Protection District, is located at the intersection of Main Street and Glenview Road, just south of the Glenview Park District offices.

Memories of the wonderful people who made us early in 1996

Chief Robert Enz was thrilled to welcome everyone to the station. He said, "It's been an honor to serve the community and protect its members for the past 25 years. I'm looking forward to many more years of service to our community." The station was established in 1996 as part of the Glenview Fire Protection District.

Crawl Out, A button machine to make your own fire safety mask

"Crawl Out," a button machine that makes your own fire safety mask, will be available for demonstration at the Open House. It is a fun and educational activity for children and adults alike. Participants will learn about fire safety and how to create their own masks to protect their faces in case of a fire.

The North Maine Fire Department is committed to providing fire protection services to the community and promoting fire safety awareness. They encourage everyone to attend the Open House and learn more about their services.

The North Maine Fire Department is located at 705 Main Street, Glenview. For more information, please call (773) 467-3330.

Crawford Township Fire Department to host Fall Arts & Crafts Fair

Crawford Township Fire Department is hosting its Fall Arts & Crafts Fair on Saturday, September 21, from 10 a.m. to 3 p.m. at the fire station, 375 S. Main Street, Glenview. The fair will feature a variety of handmade goods, including jewelry, pottery, and paintings. Local artists and crafters will be selling their wares, and there will be live music and games for children.

The proceeds from the fair will benefit the Crawford Township Fire Department and support its community service projects. Visitors are encouraged to come out and support local artists while enjoying a day of fun and entertainment.

For more information, please call (773) 467-3330.
