The end of an era
Demolition begins on former Niles Police Station

BY ANDREW SCHNEIDER
editor@buglenewspapers.com

The former Niles Police Station will be completely demolished in three weeks time, ending a forty-year period in the history of the Niles Police Department.

After the building is demolished, the rubble will be separated and hauled off for recycling. The soil will then be compacted to a density high enough to support a paved parking lot for the new building. The employee entrance and handicapped access ramps to the building will then be completed.

"We cannot finish the new building until the old one is demolished," said Niles Deputy Police Chief Dean Strzlecki. "We plan to have the parking lot and the new building totally complete by the end of June."

Niles Police watched the old building's demolition begin this week with a mixture of nostalgia and hope for the future.

"My entire career was in that building," said Strzlecki, who has been with the department for over 28 years. "So was the chief's and many of our officers. So there's some nostalgia."

"The police are getting acclimated to the new building, which is different from the old in more subtle ways than just size."

"We have much more security in the new building," said Strzlecki. "In the old one we just used one card key to enter and then you could go anywhere. Now there are more secure areas and officers need card keys to move around."

But the size of the new building is a dramatic change for the officers as well.

"The old building you could pretty much walk around in three minutes," said Strzlecki. "If, for instance, you wanted to find out if someone was at their desk. Now there are many more secure areas and officers need card keys to move around."

AN ERA ENDS page 4.

Village approves landscaped parking at MEC

Parking on the landscaped area around the Muslim Education Center (MEC) in Morton Grove will continue to be allowed through January 2005. At their last meeting on Monday, Apr. 25, the Village Board decided that the parking that has been allowed on the grassy areas surrounding the MEC has been acceptable. The policy has been unpopular with some neighbors of the MEC who regard the grassy area as green space for the community.

Parking will only be allowed on the landscaped area during Friday prayer services between 12:30 p.m. and 3:15 p.m.

"We've talked with the staff at the MEC and they've proven that they've instituted policies as to when it's appropriate to park," said Village Administrator Ralph Czerwinski. "They have people who monitor the landscaped area and they assess conditions before they allow parking."

Czerwinski said that, while the village has said it will allow parking on the landscaped area until January, that policy is open to review if it proves to be a problem. "If, for instance, they park on the landscaped area when it's wet and we start getting mud on our roads," he said, "then we may have to review the policy."

But he was confident that the MEC would act responsibly regarding the green space. "They don't want a rutted, muddy area either," said Czerwinski.

While parking is allowed for the prescribed hours, that doesn't mean those residents who are frustrated by the policy have to tolerate cars that are parked in violation of it.

"If residents see a car parked on the landscaped area and it's not during the prescribed times, then they should call the police," Czerwinski said. "They will write a report. The MEC would then be cited for a zoning violation."

Over 400 people participated in the 2004 Ovarian Cancer Walk for the Whisper at Bunker Hill Woods in Niles Saturday despite poor weather. Survivors hold the banner above.
News:

Niles increases water rates

Residents of Niles will see an 
approximately 3 percent increase in water rates beginning June 30. The Village Board voted to increase water rates from $3.33 per 1000 gallons to $3.43 per 1000 gallons effective June 1. The move will generate increased cash flow to provide the village with the financial resources needed to maintain its services and facilities, said Village Trustee Bart Murphy. "At the end of the day, we have to give the consumer the product we sell," said Murphy. "We have to make sure that the system pays for itself and we have to make sure that the system pays for itself and we still have one of the lowest water rates in the surrounding communities.

Public Activity Bond option extended

The Niles Village Board passed an 
extension of their Public Activity Bond option (PAB) that will run for the first five years of the bond. The option allows the village to issue PABs to finance projects that otherwise may not have the necessary tax base to support them. The PAB option was initially introduced in 1995 and has been successful in attracting new businesses and industries to the village. The extension will allow the village to continue to offer this option to potential developers for the next five years.

The Bugle
Blase reflects on new, old police stations

BY ANDREW SCHNEIDER
editor@buglenewspapers.com

A time capsule placed in the former Niles Police Station when it was built in 1964 was removed Friday morning by Mayor Nick Blase and Chief of Police Clarence "Whitey" Strzlecki.

Filling the capsule was one of the officers who served in the building for its construction years ago.

Blase said that opening the capsule that he himself had placed in the building was an interesting experience.

"Not many people have been mayor that long," he said. "The experience.

The command staff is giving the building a free hand to set things up the way that is efficient.

"This is their building," he said.

- Fun & Motivating Instructors

Niles Park District is proud to offer our Newly Decorated, State of the Art Fitness Rooms & New Fitness Classes!

A local produce manager said the store has a longer shelf life due to the fresh produce coming to undergo significant development.

"When that old station was built every neighborhood had a home-owner association to represent them," said Blase. "A home-construction boom was just beginning and now, forty years later, there are no associations."}

PoLIcE BLOtTER

for the week ending April 30, 2004
from official reports of the Morton Grove Police Department.

**POINTER**

A 35-year-old woman called police on April 22 after a man drove away without paying for 59 cents worth of gas from the Amoco station at 5600 Dempster St. The man, however, had enough money to pay for a 12 pack of beer. The items were not returned.

**WILEY**

A 42-year-old Chicago man was arrested Friday night April 30 after a man drove away without paying for 4.29 worth of gas into his car but then only left $3.70. He was seen driving an older model Red Chevy with the cashier.

**REGN**

A 20-year-old man and a 20-year-old woman. The garage windows and storm door to the storage shed were smashed and the owner inside the shed was not inside. The owner told police he has no problems with his neighbors.

**FLINT**

A theft of a gas (5600 Dempster). A thief drove away from the BP Amoco station at 5001 Dempster Thursday afternoon after putting $27.20 worth of gas into his tank.

**DAVIS**

A thief drove away from the Mobil station at 9444 Waukegan Thursday afternoon after filling his tank with $33.34 worth of gas. The owner told police he has no problems with his neighbors.

**PARK RIDGE**

A thief drove away from the Mobil station at 9100 S. Western Avenue on April 27. The employee told police he has no problems with his neighbors.

**PARK RIDGE**

A window in a home in the 9100 block of Bellflower was smashed with a brick late Thursday night April 22. The owner of the house estimated the replacement cost at $1,000.

**PARK RIDGE**

A employee at the Shell station in the 600 block of Dempster called police to report a possible short-change scam Friday afternoon April 23. The employee told police a man in a grey was inside the station and purchased a package of cigarettes with a $30 bill. The employee said he gave the man the correct change and that the man turned away like he was counting his money to pay for the gas. The employee then turned back to fill the clock he was shocked. Although the employee did not pursue the man, one police believe it is the same man who was attempting the scam at other gas stations in the area. The man is described as a male white with about 6 feet tall, about 40 years-old, with long blonde hair and a moustache. He was seen driving an older model red Chevy Blazer.

**PARK RIDGE**

A 46-year-old Chicago man was arrested Friday night April 30 after store security watched the same man twice at the Jewel store and then insertions from the shelf and then police inside him out. The man, however, had enough money to pay for a 12 pack of beer. The items were not returned.

**PARK RIDGE**

A 42-year-old Chicago man was arrested Friday night April 30 after store security watched the man approach several gas stations in the area. The man, however, had enough money to pay for a 12 pack of beer. The items were not returned.

**PARK RIDGE**

Free bus ready to stop at Teen Center May 15

BY ANDREW SCHNEIDER

The Niles Free Bus will be ready to stop at the new Niles Teen Center when the facility, located at the intersection of Howard and Caldwell, opens next weekend. According to Assistant Village Manager Steve Vineziano, the details are still being fleshed out, but the new stop should be in place by the Grand Opening of the Teen Center, Saturday, May 15.

The stop will be added to the 411 Reverse Free Bus. Vineziano said that the 411 was the bus that stopped most closely to schools and that it also drives right in front of the Teen Center. "It's just a matter of getting it to pull in," he said. The Free Bus is a great service that was well-received by teens and extremely safe, Vineziano said. "The Free Bus has great communication with the Niles Police and Public Works," he said. "Now it's just a matter of educating parents and youths on what it will take to ride the bus to the Teen Center."

In order to educate potential users, the village may go as far as holding a workshop to demonstrate the ease and convenience of the free bus for teens if use doesn't catch on without encouragement.

Happy Mother's Day

---

THE BULLGE

Thursday May 6, 2004

---

Happy Mother’s Day From THE BULLGE
For many years in our family, "Mother's Day" has been a tradition observed on the second Sunday of May. It is a day to celebrate our mothers and all the love and support they provide. 

"Mother's Day," a popular holiday, has been observed on the second Sunday of May in the United States since 1914. It is a day to honor mothers and express gratitude for the love and sacrifices they make for their families.

Mother's Day was first observed in the United States in 1908, when Anna Jarvis convinced President Theodore Roosevelt to support the idea. She later founded the Mother's Day Association to promote the holiday.

Today, Mother's Day is celebrated in many countries around the world, with various customs and traditions specific to each culture. It is a day to remember and express appreciation for the mothers who have shaped our lives.

Happy Mother's Day!

Police ticket three cars at MCC

Morton Grove Community Service officers ticket cars parked on the street in the 5700 block of Threshold Friday afternoon.

Report on parking plan’s effectiveness in the works

Three tickets were issued to cars owned by individuals attending last Friday’s open house at the Morton Community Center (OMC) in Morton Grove. The OMC’s Temporary Emergency Parking Plan, which restricts visitors to portions of streets within which cars can go less than 30 feet wide, signed a three-year contract with the city for its use. The parking plan is designed to give residents of the area surrounding the OMC extra space from the traffic that accrued from the regular Friday services. The plan is effective from May 25, 2003 and may be renewed for an additional two years.

Niles Baseball League holds opening ceremonies may 8

The Niles Baseball League will hold its annual opening day parade on Saturday, May 8, with the 12-13-year-old league’s 65th season. It will start on the side of the Niles Damon High School parking lot at Coakley and Dempster. And then, a parade of about 400 participants in the League, approximately 200 players and 225 girls softball players from the Niles Park District will march. The parade participants will assemble between 9:15 a.m. and 9:30 a.m. The parade will depart from Coakley marching south toward Main St. and then head west towards Glenbrook South.

Noue Dame chosen as second seed

BY RYAN BISHOP

ports.isu.com... That has been often this year that a Notre Dame baseball player has been in the top in the seventh inning, being the hit and leading off for the Irish in the seventh inning. That is exactly what happened only five times this year for the Irish, and Brandon has improved tremendously on the diamond. They can only win one from around another 20 win season, opening a record of 19-5 on the season. Playing in the very competitive East Suburban Catholic Conference, the Deans were chosen as the #2 seed in the regional Monday night at the opening meet-

"We have had some senior leadership that you lost," said coach Kevin Egan. Seven of our nine starters are seniors and they have carried this team all year. Our top three batters are seniors and Mike Kudlik, although only a jun-

or, has taken on a leadership role with his play," said coach Bob Oram. The Deans scheduled doubleheader Saturday against their place John Carroll. The Irish were leading in the second after scoring three runs in the first. The seniors had already knocked in 22, a game that could decide the con-

ference championship. A must 20- game winning streak was snapped Monday as St. Joseph defeated the Irish in eight innings.

Niles Park District

Family Cosmic Bowl Event

Niles Park District thanks families and kindergartens and grant for the generous donation to the National Bowl. Move the family bowling with a special cosmic lane, free snacks, and a bowling tournament. Free for all! 4-6 pm, St. Joseph's Catholic Church, 10224 W. Touhy Ave. Call 247-0561 for more information.

"Our goal is to go deeper than last year," said Oram. "We have a lot of confidence this year." We are anxious to be part of the tournament again, and we have played some good baseball so far. We have had some great senior leadership that you lost, but we have got us a bunch of young players this year. We have got some good senior leadership that you lost," said coach Kevin Egan. Seven of our nine starters are seniors and they have carried this team all year. Our top three batters are seniors and Mike Kudlik, although only a junior, has taken on a leadership role with his play," said coach Bob Oram.

We care about you and your car.

*Van plowed through a stoplight, a bank truck, on loan from the North Avenue

*Between the motor accelerator and the brake pedal, Olbrisch said. When the

Firefighters assumed the scenario of an accident last February that involved a North Maine fire truck and a bus.

I asked Henrichsen if he saw any movement, Olbrisch went on. "Because Ibelieve at the time that I could not see anyone in the vehicle," he said.

Firefighters then damaged the steering, having the wheel and the kite's control stick fly out from the back of the truck.

"I'm proud of what I did and my driving abilities," he said.

Olbrisch was driving a ladder truck, en route from the North Maine Fire Department, back from duty when a van traveling northbound on Butterfield on a red light, striking the truck that was traveling westbound on Howard. The fire truck came to rest with the truck that day were recognized with a unit award. The truck they drove that day was damaged by the accident.

"I did not realize it was a school bus," Olbrisch said. "I was more emotionally stressed than physically hurt," he said. "I was more emotionally stressed than physically hurt, but I hope nobody else has to go through something like that."
LIFE

Using the clues, simple arithmetic, and a little logic, place a single digit (0 to 9) in each empty box in the diagram. To help you get started, two digits have been entered in the diagram.

**ACROSS**
1. 8-Across plus 11-Across
2. 1-Across minus 6-Down
3. Nine more than 4-Across
4. Three minus 9-Down
5. Two minus 6-Across
6. Nineteen minus 16-Across
7. Digits of 17-Across reversed
8. Nine less than 15-Down
9. Six less than 15-Down
10. One-half of 2-Down
11. More than 10-Across
12. Two times 1-Across
13. Five more than 13-Across
14. Eight more than 4-Down

**DOWN**
1. 1-Across minus 6-Across
2. Two times 4-Across
3. 8-Across minus 4-Across
4. Ten more than 9-Down
5. Ten times 2-Across

TWO GREAT BOOKS FOR HOMEOWNERS

This spring's book releases hold much information for homeowners and those shopping for a home. Two popular book authors are both in the Hammer.

Plumbing, insulation, heating and structural elements are just a few of the subjects addressed in "Inspecting Houses" (Dearborn Trade Publishing). Alan Carson and Robert Dusold have been home inspectors for 25 years, and this new release reveals their wealth of knowledge. This book is invaluable for several reasons: For the first-time homeowner, a little knowledge can avoid costly mistakes; and for current owners, a do-it-yourself inspection can help avoid costly repairs. Inspections prior to home purchases are also important to uncover potential maintenance and repair issues before they really become a problem. Alan Carson has been inspecting homes for 25 years, and Robert Dusold has over 20 years of experience in the field.

The authors recommend hiring a professional inspector when purchasing or renovating a home. Spending a few hundred dollars for a home inspection is well worth the expense when faced with having to replace an inadequate electrical system or a worn-out roof that could have been detected before the home was purchased," says Carson. Clean illustrations and clear instructions make this essential book. As the owners stated, "It's worth the small expense to address your home's hazards, or you might have to hand-pick a troublesome garden, given 'The Weather-Resistant Garden' (Stony Publishing, $19.95) by Dr. Charles W. Smith. Smith offers a defensive approach to planning, planting and growing a hardy garden, from soil improvement to protecting fully grown plants from the hazards of wind, rain, drought, floods or ice. Region-specific guidelines are given, along with a profile of 100 weather-resistant plants, many of which both protect other plants and prevent soil erosion. Weather is always doing its best to hinder one's best gardening efforts; fortunately, there's a section on healing the garden after bad weather strikes, providing advice on solving damage from 11 different weather conditions. For current owners, there's a section on healing the yard, with illustrations and clear instructions. By the time one is 80, it is said, there is no longer a tug of course. With this book in hand, gardeners may win the battle against the garden, with soil improvement to protecting fully grown plants from the hazards of wind, rain, drought, floods or ice. Region-specific guidelines are given, along with a profile of 100 weather-resistant plants, many of which both protect other plants and prevent soil erosion. Weather is always doing its best to hinder one's best gardening efforts; fortunately, there's a section on healing the garden after bad weather strikes, providing advice on solving damage from 11 different weather conditions. For current owners, there's a section on healing the yard, with illustrations and clear instructions.
