Park Ridge Mayor MaRous Endorses Tinaglia

Acting Mayor Michael MaRous announced Monday that he has endorsed First Ward Ald. Mike Tinaglia's candidacy for Mayor of Park Ridge in the April 5 election.

MaRous was elected Acting Mayor in September 2003 following the sudden resignation of long-time mayor Ron Wietecha. At that time he said he would not run for re-election. MaRous said that Tinaglia earned his endorsement because of his positive vision and qualifications.

"Michael Tinaglia is the best choice because he has demonstrated a commitment to govern which includes all the citizens of Park Ridge," MaRous said. "His background and experience as a labor and employment attorney and arbitrator give him the tools to keep Park Ridge moving in the right direction and that is why I am very happy to make this endorsement."

MaRous also touted Tinaglia's two terms as an alderman and his status as a

Neighbors remember headstones in Shermer Park

Former MG Employee also recalls gravemarkers

BY ANDREW SCHNEIDER
editor@buglenewspapers.com

Both neighbors of Shermer Park and a former Morton Grove Public Works employee who wished to remain anonymous said that they remembered headstones in the park, calling into question the Niles Park District's efforts to sell the land to a developer.

Last year, the Niles Park Board voted to sell Shermer Park because it was too small to be used for any programming. Funds raised by the sale would have been used to fund improvements in other parks.

Before the sale could move forward, however, representatives of the Jewish Federation of Metropolitan Chicago approached Park District officials because they believed there might be graves in the Park, which neighbors the Kehilath Jacob Anshe Drohiczyn Cemetery, itself straddling the border of Morton Grove and Niles. It originally belonged to Congregation Keheleth Jacob, formed in 1890 by Russian immigrants.

A former Morton Grove Public Works employee said that, when he used to cut grass in the Cemetery because of complaints by neighbors, he saw gravestones in the parcel, which later became Shermer Park.
Caucus Party holds meet and greet tonight

The Morton Grove Caucus Party will have a dinner party and fundraiser at 6:30 p.m. Thursday, Feb. 24 at the 42nd Regiment, 6000 Dempster, Morton Grove. Guests will have an opportunity to meet the party candidates for the village board. Kirk Krome, candidate for mayor, Carol Fritzhall, candidate for village clerk and Georgianne Tinagli, candidate for village clerk, and meet people and this just gives us another opportunity to meet people," said Dam said that their site is also looking forward to the debate. "I'm certainly looking forward to it," he said. "I think it's good for both parties and, more importantly, for the residents of Morton Grove."

Shomer Park...

Tingall...

"The Maine Township Emergency Management Agency (EMA) through Citizens Corps Council or considering a EMA will be a matter for the Maine Township EMA to look into," said Tinaglia. "Do not have to have a guy walk in front of the minaret so that you don't see any other issue. EMA certainly agreed that they would not ask the judge to file an order to appease neighbors who were never intended to build on it. The former Public Works employee represented the Parte District at the best to come through the mining with certainty whether or not anyone was buried on the site. There may have been graves in the cemetery are from the Maine Township's EMA or local, county, state or federal offices.

MG debates tentatively set for Mar.

Representatives of the Acton and Caucuses Parties have tentatively set this week that debates between them in happier, more relaxed election. Ap. 5 will debates on the issues.

The debates are only tentative, and may be changed. Currently, plans are to hold them at 7 p.m. on Mar. 16 at the American Legion Civic Center in Elk Grove Village, be moderated by Sue Kennefick of the League of Women Voters.

Tinaglia, president of the Acton Party said that invitations went out to candidates by phone last week.

"We're looking forward to it," he said. "The thing that concerns me is that we're going to have a chance to discuss some
certain issues."

"Michael grew up here," he said. "He raised his family here. He's a piece mariachi band."

"I'm sure it's going to be a lot of fun," said Fritzhall. "I'm sure we're going to have a lot of fun."

"The people in Maine have been looking forward to the debate. "I'm certainly looking forward to it," he said. "I think it's good for both parties and, more importantly, for the residents of Morton Grove.""

Niles Fire Dept. thanks Lions for ‘Hazard House’
Teaching tool used at five different area schools this year

I am presenting at the White Elephant Restaurant, Niles Fire Dep.-p. Brian Henricks thanked the Niles Lions Club pub chasing an expensive teaching and known as a “Hazard House.”

The house is a gateway of a two-story home that is filled with potential fire hazards and Henricks takes it to schools to demonstrate to children and help raise their awareness of the hazards.

“I’d say I’ve already used it a dozen times,” Henricks said. “And Henricks loves it, too, whenever one of the students begins to lose interest, he can “Shock” them with the tool’s special features: electrical shocks, smoke, and fire. “Whenever a kid starts to doze off,” Henricks said, “we can wake them up by doing this,” and pressing a button he caused a bright flash of electricity, sparking sounds of obstruction from the automatic doors.

“Who’d be surprised how many kids want to touch it?” Henricks said, referring to the electricity. “I don’t know why, but they do.”

The house has six rooms, a bathroom, bedroom, kitchen, living room, and is the basement, a utility room, and a family room. There are hazards in each room, including a bathroom, bedroom, kitchen, and utility room, and in the basement a hazardous room.

“I don’t know why, but they do.”

While the Lions didn’t want to reveal how much they paid for the Niles Fire Department’s new “Hazard House,” they said they were quite pleased to have a facility to teach about fire hazards.

“We felt it was a benefit for the children of the community,” said Lion Ginger Troiani.

Honoring the Four Chaplains

The Morton Grove American Legion Post 134 held a Memorial Service last Saturday honoring the “Four Chaplains” of World War II.

On February 3, 1943 a German U-boat torpedoed the U.S.A.T. Sewastopol, a civilian vessel at anchor off the coast of Ireland.

The Sewastopol was carrying the “Four Chaplains.” The Sewastopol was also carrying a group of U.S. military personnel, including four chaplains.

The chaplains were working on the ship’s radio, trying to get a message through to the shore. When the U-boat attacked, the chaplains gave up their life jackets to other crew members before going down with the ship.

Each of the chaplains gave his life jacket to another crew member. The life jackets were then thrown overboard, along with the crew members who lost their lives.

The Sewastopol was the first ship to be torpedoed by a German U-boat in World War II.

The Sewastopol was also the first ship to be torpedoed by a German U-boat in World War II.

Henricks takes it to schools to demonstrate to children and help raise their awareness of the hazards. Henricks said, “I’d say I’ve already used it a dozen times.”

“We only have 45 minutes with each class,” Henricks said. “The kids love it.”

And Henricks loves it, too, whenever one of the students begins to lose interest, he can “Shock” them with the tool’s special features: electrical shocks, smoke, and fire. “Whenever a kid starts to doze off,” Henricks said, “we can wake them up by doing this,” and pressing a button he caused a bright flash of electricity, sparking sounds of obstruction from the automatic doors.

“Who’d be surprised how many kids want to touch it?” Henricks said, referring to the electricity. “I don’t know why, but they do.”

The house has six rooms, a bathroom, bedroom, kitchen, living room, and is the basement, a utility room, and a family room. There are hazards in each room, including a bathroom, bedroom, kitchen, and utility room, and in the basement a hazardous room.

“I don’t know why, but they do.”

Voters: make your voices heard

Dear Editor,

I am in agreement with thousands of citizens who are in favor of reducing the cuts to the Police and Fire services. In the case of Morton Grove, residents have voiced their concerns at public meetings regarding the line-item budget cuts. The current leadership would rather take money of our tax and cut services.

Cynthia Carpeta, Morton Grove

Fire and Police Personnel put their lives on the line

Editorial Note: Trustee Rick Krier proposed cutting the village’s fire and police pension funds, and removing training for the fire department.

Residents want simple answer

Dear Editor,

At the Feb. 14 meeting of the Morton Grove Village Board, a number of trustees discussed the question of pension funds. The subject has been a hot topic in recent years, and many residents have voiced their concerns. During the Planning Commission meeting on Wednesday, March 2, in Room 301 at Advocate Lutheran General Hospital, 777 W. Dempster St., Park Ridge, Ill., the village board will discuss the issue of pension funds once again. The public is encouraged to attend.

I am not sure what the question was, but I do recall that there were many people in attendance, and that the meeting was quite well attended. During the Planning Commission meeting, I heard a quote from a speaker that said, "We are not concerned with what took place in reality. We are concerned with what took place in reality." This is not a quote I heard from a speaker at the Planning Commission meeting, but it is a quote from a speaker at the Morton Grove Village Board. Thank you for your time and attention.

Barbara Karawacki

Edison Park Chamber to Host Second Bridal Expo on Sunday, Feb. 5

The Edison Park Chamber of Commerce will host its second annual bridal expo on Sunday, Feb. 5, at the Edison Park Chamber of Commerce, 6801 Kenmore Ave., Edison Park.

The event will feature a variety of vendors, including photographers, florists, caterers, consultants, and more. The expo will take place from 11 a.m. to 3 p.m. and is free to the public. For more information, call (773) 631-0063.

In addition to the bridal expo, the Edison Park Chamber of Commerce will also host a Valentine’s Day dinner on Feb. 14, at the Edison Park Chamber of Commerce, 6801 Kenmore Ave., Edison Park. The dinner will feature a three-course meal, live music, and a silent auction. Tickets are $45 per person, and reservations are required. For more information, call (773) 631-0063.

Ms. Nordstrom, Morton Grove

In addition to the bridal expo, the Edison Park Chamber of Commerce will also host a Valentine’s Day dinner on Feb. 14, at the Edison Park Chamber of Commerce, 6801 Kenmore Ave., Edison Park. Debate team heads to Harvard

Eight of Niles West Debate Team’s best will head to New York City this weekend to compete in the annual National Invitational Harvard Forensics Tournament scheduled for Feb. 18-21 in Cambridge, Mass. The three-day elimination tournament will include over 100 schools bailing over from the top 20 teams in the country.

The team will be attending the tournament with the following members: Senior Steven Bacchi (Debater), Matthew Basile (Plan Writer), Edward Kejonis (Plan Writer), Mary Huling (House), and Brandon Melle Gottlieb (Tournament Director).

The team has gotten this far, but our journey is far from over.

About Notre Dame

This year Notre Dame began undertaking a half-century building its mission of elevating the educational and cultural life of the community. Notre Dame, a Catholic, college preparatory, coeducational day school serving young men and women in the educational traditions of the Province of Saint Mary, opened its doors in 1954.

In the fall of 1954, the school's first conversion was completed.

Jim Trenchard and his team will be going to the National Tournament of Champions (NTC) in myrtle Beach in May. On the heels of the team’s inception last May, the team has gotten this far, but our journey is far from over.

Call Mike Normani at (847) 477-3116.
along with Price, O'Malley and Dulae. However, the Hawks started out sluggish, falling behind by as much as 15 points early in the game and never able to cut into the lead. They had some success in the early minutes, with Price scoring the team's first 14 points, but they failed to maintain their early momentum and were unable to keep up with the Bulldogs' offense.

Throughout the game, the Bulldogs maintained a strong lead, with Price's early performance providing a boost to their confidence. O'Malley and Dulae also made contributions, with O'Malley finishing with 15 points and Dulae adding 10 points to the team's total. However, despite their efforts, the Hawks were unable to make a comeback and lost the game, ending their season with a disappointing performance.

The Hawks' coach, Tony O'Malley, expressed his disappointment with the team's performance, saying, "It was an off night for us as a team. We made too many mistakes and couldn't execute our game plan." He added, "We need to work on our defense and focus on making more shots from the field."
**Reserve your table now if you are interested in attending the “Jntro to Word Processing” Class, this is Thursday, May 5th at 10:00AM**

**Nutritional supplements.**

Green tea used to be a common item in Japanese diets, but there’s growing evidence that it may have health benefits. A study published in the journal *Cancer* found that green tea consumption was associated with a reduced risk of certain types of cancer. But despite these benefits, there’s still no consensus on whether or not green tea is a healthy addition to your diet.

**Do you think you can do that?**

A new study published in *Nature* found that women who ate a diet rich in fruits and vegetables had lower levels of anxiety and depression than those who ate a diet low in these foods. But despite these results, there’s still no consensus on what constitutes a healthy diet and how it affects mental health.

**How to stay healthy?**

A recent study published in *The Lancet* found that people who exercised regularly had lower levels of mortality and better overall health than those who didn’t exercise. But despite these benefits, there’s still no consensus on how much exercise is necessary to achieve optimal health and well-being.

**Some things to consider when considering divorce.**

A recent survey published in *The New York Times* found that people who were considering divorce were more likely to have had a recent financial crisis or health issue. But despite these findings, there’s still no consensus on the best way to approach divorce and how to make the best decisions for yourself and your children.

**R.J. Ignatius Cuppy News Service**

Because nearly half of American marriages end in divorce, it’s no surprise that many people are looking for ways to improve their relationships. But despite the many options available, there’s still no consensus on the best way to approach divorce and how to make the best decisions for yourself and your children.

Tips to increase the value of your home (NHD)

When it comes to new home build-

ings and renovation options, it’s

worth considering how your

new home can be upgraded by

adding features such as

- Tankless water heaters

- New flooring materials

- Upgraded electrical systems

- Improved insulation

- Energy-efficient appliances

- Custom-built cabinets

- Smart home technology

W ould you like to increase the

value of your home? Are you

ready to make a significant

investment in your property?

There are several ways to do

so, and each can have a

positive impact on the overall

value of your home.

1. Tankless Water Heaters

Tankless water heaters are

a great way to increase the

value of your home. They

provide on-demand hot water

and are more energy-efficient

than traditional water heaters.

2. New Flooring Materials

Upgrading your flooring can

make a big difference in the

appearance and value of your

home. Consider installing new

hardwood floors or high-quality

tile.

3. Improved Insulation

Insulation improvements can

help reduce energy costs and

increase the resale value of your

home.

4. Energy-Efficient Appliances

Replacing old appliances with

energy-efficient models can

reduce energy costs and

improve your home’s overall

efficiency.

5. Custom-Built Cabinets

Custom cabinets can add

storage and function to your

home, making it more

attractive to potential buyers.

6. Smart Home Technology

Integrating smart home

technology can increase your

home’s appeal and

energy efficiency.

7. Upgraded Electrical Systems

Upgrading your electrical

system can improve your

home’s safety and energy

efficiency.

8. Landscape Upgrades

Landscape improvements can

make your home more

attractive and increase its

value.

9. Home Warranty

Investing in a home warranty

can provide peace of mind for

potential buyers.

10. Personalized Touches

Adding personal touches to

your home can make it

more appealing and

desirable to potential buyers.

These are just a few ways to

increase the value of your

home. By making these

upgrades, you can increase

the value of your home and

make it more attractive to

potential buyers.
