D71 officials praise Niles for successful Target/Costco TIF

Culver District looking to re-evaluate program, staff cuts

Johnson did praise the board, however, for what she believed was its responsible use of the TIF statutes. Many municipalities do not retire TIF districts early. The Target/Costco TIF is the second one that Niles has dissolved in 2005.

"While TIFs can be a strain the Story Continues..." see D71 page 9.

Krier sees no need for tree-cutting moratorium

Tree ordinance could call for Tree Commission

Krier said that he was working with residents and village officials to complete an ordinance to regulate tree removal by the Monday, June 13 board meeting.

"If we’re able to get it finished we won’t need a moratorium," Krier said.

Residents called for an ordinance at the last village board meeting May 23 after allegations that builders conducting work on Schwarz Paper property removed several old-growth trees. After the ordinance was proposed, some residents, including Friends of the Morton Grove Forest Member John Thill, called for a moratorium because they believed that residents would start removing trees rapidly in fear of new village regulations.

"I wonder how many trees will be cut down [before the next meeting]?" Thill asked at that meeting.

Krier said that efforts at creating an ordinance were highly

Niles adds 13 streets to resurfacing program

The Niles village board approved the addition of 13 streets to its annual resurfacing program at their last meeting, Tuesday, May 24. The resurfacing will complete what was originally scheduled for a two-year period in one year, so the budgeted amount for resurfacing came in lower this year, according toGary Ahrens, chief of the department.

The streets scheduled for a two-year period in 2004 and this year, will complete what was originally planned.

The project will be started next week and is estimated to take three months throughout the village by the fall. The Golden Forties area will be resurfaced this fall. The resurfacing program will have the surface, gutters and curbs replaced. Some street work will also be completed by the end of July, according to Ahrens.

The additional streets to be resurfaced this year are: Maynard Rd. from Greenwood Ave. to Huber Ln., Glendale Ln. from Warren Rd. to Maynard Rd., Huber Ln. from Harrison St. to Maynard Rd., Camargo Ct. from Maynard Rd. to North End, Grace Ave. from Maynard Rd. to North End, Glenisle Rd. from Maynard Rd. to North Village Limits, Maynard Tce. from Maynard Rd. to Maynard Rd., Maynard Oval from Maynard Rd. to South End, Huber Oval from Huber Ln. to East Village Limits, Noma Ct. from Huber Ln. to Maynard Rd., Huber Ln. from Warren Rd. to East End and Cumberland Ave. from 90th St. to Cumberland Rd. to Church St.

These streets join Cay St., Wendy Wy., Robin Ln. and Laurens St. as the streets for surfacing in the Golden Forties neighborhood this year.

Niles Park Board Sworn In

At the May 17 Niles Park District Board Meeting, Bill Tepesin was sworn in as Park President, Chuck Nagle as Vice President and Jim Allegretti as Commissioner. At the same moment, Brian宏 became Treasurer and Ray will continue as Commissioner. Joe LoVerde also renewed his contract for an additional three years as Executive Director of the park district. Congratulations to all.

St. John Breeuf says goodbye to Fr. Adam

Says goodbye to Fri Adam Galk, long-time resident of the Niles community on Sunday, June 19.

Galk will preside over his Funeral Celebration at St. John Breeuf Church, 8307 N. Harlem Ave. in Niles at 12:30 p.m. on Sunday. Galk, also a member of the Knights of Columbus, will be leading St. John's for another assignment in the Chicago Archdiocese. Many members of the Parish have special honors planned for him, along with the special Knights of Columbus Mass that has been requested in his honor.

The Farewell Celebration will continue with a reception in the Parish Ministry Center immediately following the 12:30 celebration Mass.

'Incredibles' tops the line-up of Park Ridge 'Movies in the Park'

The Disney movie "The Incredibles" will be the first of three free movies to be shown in the community at Commercial Park this summer. The three others are "Finding Neverland" on Wednesday, July 20 and "Shrek" on Thursday, August 11. All shows start at dusk.

The park district is encouraging families to bring blankets and lawn chairs, and popcorn and simple meals will be available for purchase. The two other movies to be shown at Commercial Park this summer are "Finding Neverland" on Wednesday, July 20 and "Shrek" on Thursday, August 11. All shows start at dusk.

Many council members had expressed concern they were not consulted on the appointment and threatened to vote down Frimark's choice. As Allegretti spoke, he confirmed that anything but certain would be reconsidered at the meeting.

Frimark selected Allegretti with the aid of a committee of fourth ward residents and the other fourth ward aldermen.

After the vote, Allegretti was sworn in and took his seat on the council.

**Boring’ Report Wins Award**

The Top Cop, a newspaper article about the Village of Niles' biennial financial report, has won an award for Excellence in Governmental Finance Reporting.

The Top Cop is a sister publication of the Niles News and is published three times a year by the Village of Niles. The story highlights the Village of Niles’ financial report and the award it received for excellence in governmental finance reporting.

The award is sponsored by the Governmental Finance Officers Association (GFOA), which is a professional association of government financial officers. The award recognizes excellence in the preparation and presentation of financial reports by local governments.

The Top Cop’s winning article, titled “Boring’ Report Wins Award,” is a summary of the Village of Niles’ biennial financial report, which was prepared by the Village’s Finance Department and approved by the Village Board. The report includes financial statements, a budget analysis, and an audit report by the Village’s independent auditor.

The article highlights the report’s strengths, including its clarity, accuracy, and易 readability. The article also notes the report’s importance in providing financial transparency and accountability to the Village’s residents.

The award is a testament to the hard work and dedication of the Village’s Finance Department, which is responsible for preparing and presenting the biennial financial report. The award also recognizes the Village’s commitment to excellence in financial reporting and the importance of providing clear and accurate financial information to the public.

The Village of Niles is committed to providing transparent and accountable financial reporting, and this award is a testament to the Village’s dedication to meeting that commitment. The Village plans to build on this success in future financial reporting efforts, and to continue to provide clear and accurate financial information to the public.

Cook County Treasurer proposes credit card use for property taxes

Cook County Treasurer Maria Jacques-Popper has announced the Cook County Board to conduct a public hearing giving property owners the option of paying tax bills by credit card, particularly for those with accounts that have delinquencies and other home programs.

"The concept is consistent with the other new payment options," Jacques-Popper said.

Assistant County Treasurer James Hintz has directed officials to provide an assessment of the impact of the new payment options. Jacques-Popper estimates that the new payment system could bring in an additional $3 million a year.

"The feedback I have received from the community is overwhelmingly positive," Jacques-Popper said.

On the other hand, the Treasurer's Office has credited the property payment system that is designed to connect with the current payment system and can be integrated into the current system at a cost to prevent data loss.

Jacques-Popper said that the proposal was a response to inquiries from taxpayers.

"This is in response to taxpayer requests," she said. "Outside of mortgages and college tuition, property taxes are the biggest checks they write year after year."

Currently the Treasurer's Office can make rules for payment pro-

**Another Perspective**

**Us & Them**

Memorial Day exists to remind us of the ultimate sacrifice made on behalf of our freedom. Some seem to forget who the good guys are.

At 9:30 September 11, 2001, 11 American Airlines Flight 93 were shot down near Shanksville, Pennsylvania, and 476 of the folks by violently separating them from the body. Yet the 300 pounds of the accused fibre. This was our first counter-attack.

Memorial Day should be a day of national unity, remembrance and solidarity to the ideals we espouse.

**Happy Memorial Day**

The Goyal daughter, 22, arrived at the police station after através, her uncle told them that she did not have any old wounds. They are those who are not used to getting help, their local residents are just hanging around, and the difference between us and them.

We did not choose this war, was viciously thrust upon them. The front lines are everywhere. They are a band of religious fanatics whose followers actually believe that the 70th century was the best time on earth. They want to maintain this time for ever by force. Their methods are terror, fear, torture and murder. The one country they ever completely con- troll, Afghanistan, they planned it so perfectly dynamic it’s in national in- terests.

Gilgo and Abu Gharib are nothing more than the attempt to weak- en us by the enemy. These mod- um of caring as long before any detention facility was open. They have no decency. Their modular from a time, no divorce, no distinction between the war zone and civil- ization, no area. On agreements terrorists and law-abiding citi- zens. A hundred or so Jihadis are not made in our backyard.

The growing list of non-competing TIFs has been a subject of debate. The village’s efforts have helped to build the school district in this instance," said Johnson. "You want to be sure you’re picking the right TIF. If you pick the wrong TIF, you can hurt Niles. It’s great to live and work in Illinois," he said. "Whenever we say would help the village has been great."

Zalewski also said that the village’s TIF, commonly approved, citing its direct dis- advantage to Niles with its new special-purpose facility.

Zalewski also asked the village and town officials to look at the village and town officials to look at the village in light of the windfall they will receive from the TIF account back to Cook County. Under TIF, where a municipality has had funds invested in a government TIF, any surplus funds must be released from the fund back to the County for dis-tribution to the original taxing district, and as an Illinois TIF, $70,000,000 left over.

Dons Fall Short

But the team should be proud of a season worthy of a champion

Dons lose to Oak Park River-Forest Tuesday

BY RYAN BISHOP
rbishop@buglenewspapers.com

The Dons baseball team was unable to defend their state championship this year, falling one game short in a 5-1 tough loss to Oak Park River-Forest, a team they had defeated on their way to state in 2004. The Dons were done in by senior right-hander Ian Berger, who allowed only five hits and struck out six. Berger limited the Dons to four hits over the last six innings, and retired—allowed only two batters over the last 15 hitters. The Dons ended their season with a record of 29-10. Starter Mike Kloss kept his team in the game, coasting through the first two innings, but struggled through the next two. Oak Park stretched their lead to a 4-1 advantage in the fourth inning on a two-out single by Huskies catcher David Studer. Kloss had escaped further damage before hitting the first two batters in the inning.

In reaching the supersectional for the second straight year, the Dons baseball team relied on their timely hitting and flawless pitching in defeating No. 1 seed Loyola Ramblers 6-3. Despite a rough first inning by starter Mike Pagano in which the 6'3 right-hander allowed five walks and two runs to score, the Dons regained their composure and scored three runs in the first. He was starting in place of No. 2 starter Matt Kudlik who injured his ankle against Niles North. Pagano fought through his wildness (seven walks) to pitch a complete game two hitter as the Dons scored on the 15th batter over the last 15 hit-
Dons advanced to play Oak Park in a playoff game against Loyola Saturday, June 4.

one was a winning pitcher, allowing three runs and a two-run single in 5 2/3 innings, dropping his record to 8-3 on the year, and he was paid back his signing bonus by July 1, 1915.

The Ramblers ended their season with a 29-9 record.

Sports Limited: Third league caused money trouble

The league's final season ended with a 29-9 record. In the sectional semifinals against the New York Giants, the Dons jumped out to a 1-0 lead and won the game 4-3 to advance to the sectional finals. In the final game against the Senators, the Dons led 8-3 but were able to win the sectional championship.

The Ramblers ended their season with a 29-9 record.

The 1914 season saw the Federal League fold, and the Chicago White Sox were able to negotiate new contracts with the players. The league's collapse was a result of financial difficulties, with the Federal League owners unable to secure the necessary financial backing to keep the league afloat.

The Federal League was unable to compete with the major leagues, and the league folded after the 1915 season.

Chef Harry Presents for the Love of Watermelon

BY HARRY SCHWARTZ
Capley News Service

I have loved watermelon since I was a child. Back then, you could only get it in the summer time and it was usually full of seeds. Well, I have grown up and so has watermelon. Now it is mostly seedless, always available and always healthy. This hypertonic liquid among fresh produce is naturally sweet and delicious, full of fiber and mostly water. It is one of those rare superfoods things you can place on the table and eat as you will.

Slice into a spare and serve it as your desired project for dipping. But then as a plate and drink it. Serve in a formal setting and serve the melon right to.

These cocktails are nilad

Choose watermelon that feels heavy for its size. Make sure there is no risk if it has ever been frozen. The skin should be in color and bright. Growers have done such a great job of growing small melons. But even if they are large, they are still great. Choose watermelon that is firm to the touch. Seedless watermelon is in a coolly display.

Cover and refrigerate watermelons after coming into your home. They may be separated at the Church office, 104 S. Courtyard, Park Ridge, Lakeview Garden Center, 2555 Dempster, De Plaines or Burkes Booksconstantly. GARDEN TIP

Be a blade runner

A dull lawn mower blade will give a whitish cast to a lawn and make your yard look dull. To keep a lawn looking cut above, sharpen the blades (right) about every 10 hours of use.
